DOCUMENTS DISAPPEAR PLAYERS SET FOR GRIND

Daugherty Fonck Expected to Go Today

Trip to Paris Scheduled to
Start This Morning in

French Ace Expresses His Belief That Goal Will be Attained in Journey

NEW YORK, Sept. 15. (Exclusive)—The disappearance of important documents between Harry Daugherty and John T. King, U. S. W. navigator of the giant Sikorsky, New York-Paris airplane, in which he and Capt. Rene Fonck, premier ace of France, will attempt to make a nonstop flight to the French capital for the Raymond O. Ugly prize of \$25,000.

Lieut. Curtin spent the early hours of the evening studying weather reports and after going over a weather map of the North Atlantic, said conditions are better now than they probably will be for the rest of the week, or even for a month.

Shortly after midnight Curtin climbed into bed to sleep a few hours' sleep in preparation for what probably will be the most strenuous thirty-six hours of his life.

Capt. Fonck turned in at 7:30 last night, after leaving instructions to be called at 4 a. m. The flight probably will start about half an hour later.

COOLIDGE WIRE

During the evening, Lieut. Curtin received a telegram from President Coolidge, sent from the summer White House at Paul Smith's, N. Y.

I am glad to extend to you and Capt. Fonck good wishes for the success of your flight. I hope that this may prove not only a fine and courageous adventure, but a step in the development of aviation which will bind closer together the countries of the world.

COOLIDGE WIRE

Twelve thermos bottles of coffee and tea, packages of sandwiches, chocolate and other supplies were put aboard the plane during the evening.

COOLIDGE WIRE

The Sikorsky took to the air on a test flight shortly after noon today and was seen to make a successful climb.

Fonck was at the controls, while Lieut. Curtin acted as co-pilot.

It was to give Lieut. Curtin an opportunity to make a test flight and to grow used to working with the other members of the crew as they would be in the actual flight.

The plane developed speed with amazing rapidity along the mile-long runway.

KEEN CAMP SAVED FROM BRUSH FIRE

Fighters Battle Flames in San Bernardino Range at Edge of Resort

RIVERSIDE, Sept. 15. (Exclusive)—Despite the best effort of 150 fire fighters, the blaze which started in the brush land between Idyllwild and Keen Camp today entered the forest area and destroyed more than 100 acres of timber, according to reports received here this afternoon.

Aided by a favorable breeze which sprang up shortly before midnight yesterday, the fighters were able to divert the flames into a box canyon east of Keen Camp, where efforts are being made to choke it out before more timber is consumed.

Sweeping its way in a path from one-quarter of a mile wide, the fire passed within a few hundred feet of Keen Camp, being kept from the buildings only by a basty reconnaissance of forces.

For more than two hours most of the fighters were ranged around the edge of the summer resort in a last-minute stand to save the property.

Directed by District Ranger Cranston of the San Bernardino National Forest, the fire fighters combatted the blaze almost entirely with shovels, as the topography of the area made it practically impossible to attempt back firing, according to Fire Warden Baird, who was active in the battle against the flames.

Ranks of the fighters, most of whom were recruited from Riverside, Hemet and San Jacinto, were augmented by the arrival today of ten or twelve deer hunters, who volunteered to aid in the fight.

Empty Lifeboat Only Vestige of Ship in Distress

NEW YORK, Sept. 15. (Exclusive)—Two steamships going to the aid of the foundering tramp freighter Loyal Citizen, 200 miles from Bermuda, sighted only a capsized lifeboat when they arrived. No other trace was found of the ship or her crew of from thirty to thirty-five, according to messages received by the Independent Wireless Company from the Dutch tanker Den Haag and the Honduran fruit boat Princess May.

These two ships and three others that had answered the Loyal Citizen's S.O.S. yesterday afterward were unable to raise the Loyal Citizen by wireless when they arrived at her position, and they finally continued on their courses, certain she had foundered and that her lifeboats had been swamped by the high seas which were running.

Embargo Placed on Nicaraguan Arms Shipping

PAUL SMITH'S (N. Y.) Sept. 15. President Coolidge today issued a proclamation placing an embargo on the shipment of arms to Nicaragua.

The step was taken by the Chief Executive in response to a recommendation made by the State Department in view of local disturbances in the Central American country.

WASHINGTON, Sept. 15. (AP)—The United States government has asked the Nicaraguan government and revolutionary leaders to agree to a truce while peace negotiations are under way.

RADIO PLEA BY PASTOR

'Raw Deal,' Says Mrs. McPherson

Angelus Temple Evangelist Asks Friends to Protest on "Persecution"

Congregation Again Given Details of Asserted "Kidnaping" Plot

Declaring that her action might be the means for her "putting her foot into it," Aimee Semple McPherson last night appealed to listeners over the Angelus Temple radio and those in a well-lit house who sympathized with her to wire mail by special delivery Dist. Atty. Keyes or to the local newspapers, statements of their belief that she had been given a "raw deal."

"How many of you feel that I have been given a raw deal?" Mrs. McPherson asked, addressing the audience, and as hundreds of hands were raised in the crowd which filled the main floor of the temple, she continued: "Are you willing to send by telegraph or special-delivery letter an expression of your feelings in the case to Dist. Atty. Keyes or to the newspapers?"

Mrs. McPherson's question was answered by the raising of hundreds of hands and followed by loud and continued applause. Her entire talk, during which she recounted briefly the last seventeen years of her church activities, was broken continually by loud applause and exclamations from her followers of "Hallelujah" and "Amen."

RECOUNTS OLD STORY

Mrs. McPherson's appeal followed a thirty-five minute recital of what she termed a "persecution" never before approached in magnitude in the history of the world. She said that never has anyone been so persecuted as she has been since her disappearance from the beach at Ocean Park and her subsequent return at the Mexican border town of Agua Prieta.

She recounted the story as so often told of her kidnaping from the beach as she had answered the appeal of a grateful woman to pray for her sick baby.

Then turning to her dramatic return to Agua Prieta she told how she had been questioned by officers and requested to make a statement of exact times and of the details of her dealings with Mrs. Morris, who was given to the press without her ever being returned to her to read or sign.

"I do not know what I will be arrested in the middle of the night as I have been told by many," Mrs. McPherson said.

ARREST EXPECTED

"I have also been told that they will come for me at 8 o'clock in the morning. But this I do not know. I do know that I wish only that I be given enough time to be prepared and looking all right," Mrs. McPherson said that possibly she might not be able to produce evidence in the District Attorney's not even contemplating such action as expressing the belief that Dist. Atty. Keyes is a fair and able official.

Then one day there came to Angelus Temple a woman who tearfully pleaded for a chance to see me. She said she was a widow and was up to the neck in debt. She said she was a widow and was up to the neck in debt.

"We listened to this woman's story and her to go ahead and do what she could. She insisted that she be allowed to tell her story to the grand jury, promising faithfully that she would produce evidence of a city-water deal and who is now at liberty while his appeal is pending. Virgilio Bruch, present City Councilman; George R. Daley, president of the Union National Bank of this city, already under indictment by the present grand jury, and Daley's lawyer, C. C. Crouch.

That the now-famous George McMahon murder case is still one of the main issues before the grand jury, was verified today when it was learned that the inquisitorial body has launched an investigation to ascertain why evidence in the case following the trial had been turned over to defense attorneys.

The McMahon, a Chicago gunner, was found murdered in an open field. Overlook addition, beyond Old Town, on February 28, 1925. Two other gunmen with whom McMahon had been living at 2337 San Marcus street were tried for the murder, but acquitted. A revolver with which McMahon was declared to have been shot was turned over recently to the present grand jury, it was learned.

MOVE CAUSES RUMORS

As these events were taking place, exciting rumors of various kinds filled the air. The grand jury suddenly moved its meeting place from the regular quarters in an open hall of the courtroom of a judge now on vacation. Rumors immediately started and persisted throughout the day that suspected "leaks" from the jury room was the cause of the sudden move.

These rumors, however, were denied by Kirtzelle and several of the jurymen, who declared the move was only in the interest of obtaining a better room.

FLOODS HIT SEVEN STATES

Cloudbursts Send Rivers Raging Over Banks Millions in Damage to Midwest Crops Result When

CHICAGO, Sept. 15. (Exclusive)—Millions of dollars of damage to crops over a wide area in Illinois resulted today from rain and cloudbursts in seven Midwestern States. Rivers rose above the flood stage and created conditions almost unprecedented in the agricultural regions. The Spoon River section was the hardest hit today. A cloudburst early in the morning centering at Wyoming, Ill., dropped four inches of rain and sent Spoon River on another rampage. The cloudburst lasted for two hours and was followed by a steady rainfall, which turned the river into a treacherous swirling torrent.

The Illinois River at Peoria was two feet higher than the flood stage and the Wabash River was two and a half feet above flood stage at Terre Haute, Ind.

The Illinois River rose five inches after heavy rains last night. Earl C. Smith of Detroit, Pike county, reported today to the Illinois Agricultural Association, of which he is president.

He said the rising of the water had ceased within forty-eight hours after the Sanitary District of Chicago had restricted the flow of water through the drainage canal to the Illinois River. At that time floods covered fields, highways and rail-

MRS. M'PHERSON'S ARREST TODAY PREDICTED BY HER

Evangelist and Perhaps Others May Face Charge of Perjury Plot; Many Testify to Keyes

While Mrs. Aimee Semple McPherson was making a dramatic appeal to her followers to come to her aid and wire expressions of sympathy and confidence in her to Dist. Atty. Keyes, the officials in charge of the investigation last night were completing the final preparations for action today which Mrs. McPherson herself expects to be in the form of arrests on charges of complicity in preparation of asserted perjured testimony. This morning the woman evangelist, her mother, Mrs. Minnie Kennedy, and several other Temple workers will be summoned to Mr. Keyes's office and given an opportunity to explain their parts in what Mr. Keyes and his assistants characterized as a conspiracy of deception.

Mrs. McPherson and her mother are expected to answer Mr. Keyes's summons and give him any information they may desire. Indications last night were that complaints will be issued in the early part of the afternoon and that one of the greatest sensations in the case to date will result from the last move of the District Attorney.

PROGRESS MADE

Mrs. McPherson's dramatic appeal came after a day replete with excitement and official action, and after officials questioning the various witnesses announced that great progress had been made.

The last witness after the afternoon was Roland Rich Woolley, attorney for the evangelist, and her mother, who remained with Dist. Atty. Keyes, Chief Deputy Davis, and Deputy District Attorney Dennison for more than an hour.

At the conclusion of his testimony

Woolley's statement corroborated most of the essential details of the stories told by Mrs. Lorraine Wiseman, perpetrator of the Carmel hoax, and Miss Bernice Morris, whose story was given exclusively to The Times and related to Mr. Keyes a story of negotiations to produce mythical kidnapers and other necessary things to bolster up the story told by Mrs. McPherson on her return to Douglas, Ariz., June 23, last.

Mrs. McPherson and her close associates expect that after the day of their appearance at the District Attorney's office definite action will be taken by Mr. Keyes. As there is no grand jury session today, it is made will have to be made on complaints issued by the District Attorney. Either subornation of perjury or conspiracy to defraud will be charged in the complaints.

The woman evangelist's appeal for public sentiment brought quick response. A call for help went out the air with the opening of the evening services. At 11:00 o'clock last night fifty-two telegrams were received at Mr. Keyes's office. Most of them were similar in wording, asking for a fair deal to Mrs. McPherson and protesting against taking the word of Mrs. Lorraine Wiseman against that of the woman pastor.

When the telegrams were coming into the office, Chief of Detectives Cohn dispatched several investigators to guard the home of Mr. Keyes, after rumors of threats against the District Attorney reached the Hall of Justice.

SAFETY MEASURE

Neither Mr. Keyes nor Chief Deputy Davis paid any attention to the rumors but the safety precautions were taken without their knowledge. Earlier in the day the corridors of the District Attorney's office were ordered cleared and all unidentified persons questioned.

Well-founded reports that criminal complaints against four or more persons will be ready this afternoon after Mr. Keyes and Mr. Davis questioned a number of witnesses whose stories are known to have added corroboration to the confessions of Mrs. Lorraine Wiseman.

By the news of the tense situation created at the temple by the pastor's startling declaration that she

HUNT NEW 'EVIDENCE FIXER'

Officers Seek Man Nick Harris Declares Offered to Manufacture McPherson "Props"

A third and independent attempt to "frame" evidence in the Aimee Semple McPherson case was reported to the District Attorney's office yesterday by Nick Harris, head of a local detective agency. There was nothing in the detective report to indicate the plan had any connection with the Angelus Temple. Search for Harry L. Meloch, of 1623 1/2 West Thirty-eighth street, to be questioned in connection with the asserted plot, was started last night by authorities.

Meloch, who is believed to be in San Francisco, appeared at Harris's office with an offer to produce all necessary evidence to substantiate Mrs. McPherson's story of her asserted abduction and kidnaping, but denied that he knew of his asserted plan to frame McPherson case evidence.

BEST ON "CASE"

Two weeks after the Carmel incident of the McPherson case was disclosed, Meloch disappeared from his home and no word was received by the young man's family for several days. Then a telephone message purporting to be from him came to the house with the information that he was busy on his "case" and that he had to make several trips to Long Beach. This was shortly before the disappearance of the very blind Long Beach attorney, which ultimately brought about the second episode of "framed" evidence in the case.

A few days after the first telephone call, another was received by the boy's father, which informed the latter that he had to leave town on an important mission and would be gone for a week. No further word was received from him until Monday.

Mr. Harris paid a second visit to the District Attorney's office yesterday and is known to have laid some important evidence before the authorities substantiating his story that an

expected to be placed under arrest reached the District Attorney's office and brought a denial that Mrs. McPherson was given any assurances except that she would not be disturbed while any of her services are in progress.

RUMORS REFUTED

"Mrs. McPherson called this office and said she had been informed there was a plan on foot to arrest her while in the pulpit of Angelus Temple," Chief Deputy Davis said when questioned about the incident. "She was informed that no such plan was contemplated. She promised to be available when wanted, and said she would remain in touch with this office. She was then informed that when we want her we will notify her by telephone. Mr. Keyes has not the slightest intention of doing what Mrs. McPherson was told would happen. She will be treated with every consideration merited by her sex and position in life," Mr. Davis said.

Mr. Davis, speaking for Mr. Keyes, expressed regret that any undue feelings should be aroused in the situation.

Mrs. McPherson's dramatic remarks from the same pulpit in which she received the tremendous welcome from her flock on her return from Douglas, Ariz., last June came at the time when rapid-fire developments at the District Attorney's office were climaxed by the appearance before Mr. Keyes of Roland Rich Woolley, attorney for Mrs. McPherson and her mother, Mrs. Minnie Kennedy.

Earlier in the day Mr. Keyes and Mr. Davis questioned a number of witnesses from whose lips they are said to have obtained additional corroboration of stories related by Mrs. Lorraine Wiseman, the woman exposed by The Times as an impostor in the Carmel phase of the case, and by Miss Bernice Morris of Long Beach, whose remarkable story of phantom kidnappers was placed before Mr. Keyes by this newspaper.

STORY BY SECRETARY

Miss Morris, formerly secretary to Russell A. McKinley, blind attorney of Long Beach, told how after her employer's death in a recent automobile accident Mrs. McPherson and Mrs. Kennedy attempted to persuade her to continue negotiations to have "Steve," "Rose" and the other parties to the asserted kidnapping, furnish Mrs. McPherson with proof that would corroborate her story of the abduction.

While these witnesses were telling Mr. Keyes and Mr. Davis further details of what the District Attorney now believes was a hoax, The Times located photographs showing Mrs. McPherson and identified by her as the picture of the shack in which she was kept prisoner, and which evidence substantiating the story told exclusively in The Times by Miss Morris.

Arrangements to produce the man identified by Mrs. McPherson as "Steve," the kidnaper, also were completed.

Other developments of the eventful day were:

Mrs. Lorraine Wiseman, whose real name is Mrs. Villa May McDonald Wiseman, completed her statement to Mr. Keyes during the morning. She told her story in the presence of S. S. Hahn, her attorney, and is said to have furnished additional details of the asserted conspiracy to produce a purported antidote in the Carmel investigation.

Her testimony yesterday, is known to be regarded as highly important. While Mr. Keyes refused to say whether

Former Federal Judge Says

Former Federal Judge Bledsoe yesterday made public a letter to Judge Ketch of the Superior Court in which he expressed "sincere commendation" of Judge Ketch's action in discharging the last grand jury.

Mr. Bledsoe declared in the letter that "you were thoroughly justified in doing what you did and had you done less you would have violated your oath of office and failed to measure up to the confidence that is everywhere reposed in you."

additional information Mrs. Wiseman gave, persons close to the investigation said she supplied some of the missing links necessary to establish the existence of a conspiracy to manufacture "evidence."

TYPIST QUESTIONED

Mae Waldron Mann, secretary and typist at the Temple, was questioned by Mr. Keyes yesterday. She was asked what she said "inside but it was learned that the young woman corroborated the statements of Mrs. Wiseman and admitted she typed the "Miss X" Carmel stories. The manuscripts, found in Mrs. Wiseman's possession at the time of her arrest after The Times exposure, were typed at Angelus Temple, Miss Mann is said to have told Mr. Keyes.

"Everything Mr. Keyes asked me has been printed in the papers," the young woman said. "I prefer you get the complete information from him."

H. H. Fisher, photographer for the Keystone Photo Service, commercial photographer, also was interviewed by Mr. Keyes.

Mr. Fisher is the man sent to Angelus Temple to take photographs of Mrs. McPherson and Mrs. Wiseman shortly before the woman's story that she instead of Mrs. McPherson was at the Carmel cottage with Kenneth G. Ormiston, was given out here.

The original orders for the work carried the inscription: "Take pictures as directed by Mrs. Kennedy." The company's records show that pictures were taken August 17 and 18, and the 2nd inst. Kennedy, charged to Angelus Temple, the contract called for prints and films. Mrs. Kennedy and Mrs. McPherson showed great interest in arranging the pictures, Mr. Fisher said.

HIGHLY IMPORTANT

This testimony is considered highly important as Mrs. Wiseman did not make her public appearance in the role of sister of "Miss X" until August 21, last. The State expects to be able to disprove the assertion that Mrs. Wiseman injected herself into the McPherson case and was producing the Carmel evidence on her own volition.

Miss Dorothy Drew, formerly a stenographer at Angelus Temple, also was interviewed by Mr. Keyes and Mr. Davis. Her testimony was not considered of great importance.

QUESTIONED AGAIN

Mrs. Wiseman, the principal figure in the hoax which was first exposed by The Times and for which she later confessed, she was to receive \$5000 from Mrs. McPherson if the hoax was a success, again occupied the center of the stage when Mr. Keyes resumed his investigation on arriving at his office yesterday morning.

Mrs. Wiseman was taken to the office of Mr. Keyes shortly before 10 o'clock by two men, one of whom she spent the night in a downtown hotel. She was questioned for more than two hours concerning details of the scheme to produce a "Miss X" who would represent herself as the Carmel companion of Kenneth G. Ormiston, formerly rear operator at Angelus Temple.

Present at the questioning besides Mr. Keyes were his chief deputy, Mr. Davis, Mrs. Wiseman's attorney, S. S.

Sensational Developments
Three poses of Miss Bernice Morris, latest sensational witness in the asserted conspiracy to produce fake evidence to support Mrs. Almee Semple McPherson's kidnapping story, are shown above. The photographs reproduced below in the notebook of Mrs. Lorraine Wiseman, at the time of her arrest after being exposed as perpetrator of the "Miss X" hoax. The address of Dr. Waters was listed along with other addresses known to have been obtained from the Angelus Temple leaders. Dr. Waters, who had denied any connection with the hoax, was found a suicide yesterday.

HOAX FIGURE KILLS HIMSELF

A. M. Waters, Mentioned in Mrs. Sielaff's Notebook,
Takes Own Life With Poison

A new and unexpected mystery was injected into the Almee Semple McPherson case yesterday when A. M. Waters, 671 South New Hampshire avenue, whose name was found in a notebook in possession of Mrs. Lorraine Wiseman-Sielaff at the time of her arrest, committed suicide by drinking poison.

Waters, whose assertion that he was a retired physician was attacked when he was arrested on a larceny charge several months ago, was found dead in the apartment he had occupied alone for several months.

When Mrs. Wiseman-Sielaff was taken into custody last Friday night, officers found Waters's name heading a list which included A. W. and Edward H. A. Martin, Chicago attorneys who prepared Kenneth G. Ormiston's "Miss X" affidavit, and Ella E. Mahon, Chicago notary public, in a notebook she carried.

Discussing Mrs. Morris's charges, Mrs. Kennedy said:

"It's martyrdom. We have known for weeks that they have planned to drag Sister McPherson from the pulpit of Angelus Temple in a sensational arrest."

"This Morris girl did request us to pay her \$1000 only a few days ago. We decided it was not the thing to do. As for the photograph of one of the kidnappers sent to us by Mr. McPherson, the features were only dimly outlined and we refused to use it, replying that it could not possibly be identified and the corroborative evidence must accompany such a picture."

PERSECUTION CHARGED

While her daughter continued with her usual services at the temple yesterday, Mrs. Kennedy made other comment on the new turn of the case. "We are preachers and not fighters," Mrs. Kennedy said. "We are under persecution of certain interests bent upon destruction and they would stop at nothing to put us out of the way. Sister McPherson came back from the Holy Land in a world-wide crusade against sin, and her efforts were so big, so great and so powerful that a movement was started to crush it by branding her as a sinistress."

"It is the history of Christianity since the time of the Savior that His disciples have been persecuted, but our statements get such little space and the newspapers seem to want only the sensational matter. But we are carrying on. We expect these persecutions to continue, but our people have faith."

TWO NOTES LEFT

Dr. Waters also said he had met the nurse who attended Mrs. McPherson in the Douglas, Ariz., hospital after the evangelist's appearance across the border in Mexico last June.

According to Detective-Lieutenant Dork who was to have appeared in court tomorrow morning to answer the grand larceny charge filed by Mrs. C. P. Pinalop, 1329 South Genesee street, June 3, last, Dr. Waters was in the man, neither of which explained his act.

One was addressed to Mrs. Lowell Taber, daughter of Mr. and Mrs. A. L.

Father Asserts
Ormiston 'Wife'
Story Incorrect

SAN FRANCISCO, Sept. 15. (AP)—W. O. Ormiston today denied the statement of Mrs. Rita Mayou of Los Angeles that she is the divorced wife of his son, Kenneth G. Ormiston, one of the principals in the investigation of the Almee Semple McPherson kidnapping case.

Mrs. Mayou yesterday identified photographs of Ormiston as those of her former husband. She said that he limped slightly, having been injured in a railroad mishap in Harrington, Kan., a number of years ago.

Ormiston, Sr., denied that his son had ever been out of California until a year ago, when he started out on a radio "stunt."

The elder Ormiston said that a representative of the District Attorney's office in Los Angeles questioned him here yesterday about the McPherson case. He would not give the name of the investigator.

CONSTANTINOPLE, Sept. 15. (Reuter)—A Turkish court today sentenced Lieut. The captain of the Turkish vessel was sentenced to four months, being held guilty of greater negligence.

Lieut. Demons's case was appealed and is expected to hang for while the right of the Turks to arrest him for an incident on the high seas is fought out before the World Court at The Hague. He is at liberty on bail.

GOOD HEALTH NECESSARY

Many Busy Women Owe
Their Health to Lydia E.
Pinkham's Vegetable
Compound

Fifty years ago there were few occupations for women. Some taught school, some did housework, some found work to do at home and a few took up nursing. Today there are a variety of occupations not open to women. Today they work in great factories with hundreds of other women and girls. There are also women architects, lawyers, dentists, executives and legislators. But all too often a woman wins her economic independence at the cost of her health.

Mrs. Elizabeth Chamberlain who works in the Unall factory making overalls writes that she got "wonderful results" from taking Lydia E. Pinkham's Vegetable Compound. Mrs. Chamberlain lives at 600 Monmouth St., Trenton, N. J. She recommends the Vegetable Compound to her friends in the factory and will gladly answer any letters she gets from women asking about it.

1000 Eggs in Every Hen

New System of Poultry Keeping—Get
High Priced White Eggs—Famous
Poultryman

TELLS HOW

"The great trouble with the poultry business has always been that the laying life of a hen was too short," says Henry Trafford, International Poultry Expert and Breeder, for nearly eighteen years Editor of Poultry Business.

The average pullet lays 115 eggs. If kept the second year she may lay 100 more. Then she goes to market. Yet it has been scientifically established that every pullet is born or hatched with over one thousand minute egg germs in her system—and will lay them on a highly profitable basis over a period of four to six years!

How to work to get 1000 eggs from every hen; how to make the old hens lay like pullets; how to keep up heavy egg production all through cold winter months when eggs are highest; triple egg production; make slender hens bumpy; 15 to 20 profit from every hen in six winter months. These and many other money-making poultry secrets are contained in Mr. Trafford's "1000 EGG HEN" system of poultry raising. Every copy of which will be sent absolutely free to any reader of this paper who keeps one hen or more. There is big profit for the poultry keeper who gets the eggs. Mr. Trafford tells how to keep chickens and what them to make money for you. Get out this ad, cut it out, fill in your name and address to "Henry Trafford, Suite 1154-C, Birmingham, Ala., U. S. Uprising Reported

MEXICO CITY, Sept. 15. (Exclusive)—The government's punitive plans against the Yaqui Indians include the sending of forces from distant sections of the republic who are not in any way influenced in favor of the Yaquis by sentimental reasons. Two Mexican merchant marine ships have been ordered held at Salina Cruz, where they will take on infantry, artillery, cavalry and airplane units and then proceed to Guaymas or some other Sonora port to be used against the Indians.

Sonora politicians here point to Adolfo De la Huerta as responsible for the Yaqui uprising, stating he furnished them with money to acquire arms and war materials, and that Sunday's asserted misunderstanding between Yaqui tribal leaders and Sonora authorities was only a pretext for the uprising.

PROMISE TO INDIANS
The Yaquis acquired most of their arms at Tucson, Ariz., it is said here. De la Huerta is reported to have promised the Yaquis he would rid the country of all white people and turn over the Yaqui Valley entirely to the Indians if they backed him.

Mountain fastnesses where the Indians are now barricaded present a difficult military problem, the territory being almost inaccessible and lacking in water sources, necessitating elaborate preparations for the advance of the Federal forces. Some military leaders feel the government should make use of loyal Yaqui units stationed in other sections of the country against their own kin, saying the Yaquis themselves are the only persons able to support the hardships of such a campaign. One plan the government may use is to cut off the Indians' supply paths with a view to starving them into submission.

A dispatch to afternoon papers from Pisco, State of Michoacan, says Gen. Valente De la Cruz was executed after a summary court-martial had found him guilty of rebellion. Other dispatches from various points in the State of Vera Cruz say several bandit leaders of minor importance have been captured and executed.

HEAVY FIGHTING WITH YAQUIS REPORTED

NOGALES (Ariz.) Sept. 15. (P)—Advices to the Herald from Guaymas, Son., Mex., late today report heavy fighting between the Yaqui Indians and Mexican military at Cruz de Piedra, twenty miles south of Vicam, Son. Many were slain, the advice said.

Other dispatches said a large band of Indians near Matolil was surprised by Mexican troops and virtually annihilated.

FORMAL PROTEST ON ROSENTHAL CAPTURE SENT

MEXICO CITY, Sept. 15. (P)—The United States Embassy presented today a formal note to the Mexican government regarding the kidnapping by bandits of Jacob Rosenthal of Long Island, N. Y. This note indorses the representations made by the embassy immediately upon hearing of the bandits' attack.

Rosenthal's friends fear the hardships and exposure may kill the American held captive by the bandits in the mountain country. He was not in the best of health, they say.

GAS BOMBS TO BE USED ON REBEL INDIANS

MEXICO CITY, Sept. 15. (P)—Aeroplane and gas bombs will be used against the Yaqui Indians now in revolt in the State of Sonora. The Mexican War Department also ordered out artillery, cavalry and infantry from this city, Guadalajara and other points.

The general staff says it will rely chiefly, however, upon airplanes to bomb the rebel tribesmen out of their mountain strongholds with gas shells.

The Yaquis in rebellion complain that much of their tribal lands have been expropriated and that all demands for reimbursement have been ignored.

TWO POSTS ON PRISON BOARD OPEN

Incoming Administration
Given Opportunity to Get
Early Control of Agency

SACRAMENTO, Sept. 15. (Exclusive)—Records of the Secretary of State's office reveal that the new State administration will be in a position, if it so desires, to obtain early control of the State Prison Board, one of the important agencies of the State government.

There are at present two vacancies on the board, one caused by the death of Gilbert B. Daniels and the other by the resignation of John G. Matton of Centerville, Alameda county.

Appointments made to fill these vacancies, together with the appointment of Thomas M. Gannon, on January 12, last, must, under the constitution, be confirmed by the Senate of the 1927 Legislature, a procedure which will give the new Governor an opportunity to gain control of the prison board.

As Gov. Richardson did in 1923 when he withdrew from the Senate the reappointment by the retiring Governor, William D. Stephens, Charles L. Neumiller as a member of the prison board and substituted the name of J. E. Olinsted, the new Governor could withdraw the three Richardson prison board appointments and recommend his own candidates. There are five members of the prison board and the three appointments would give the new Governor control.

The 1925 Legislature confirmed the appointment of Will F. Morrish of Berkeley and Julian Alco of San Francisco, two of the present three members.

The prison board is clothed with the authority of naming the wardens of San Quentin and Folsom prisons, positions now held by Frank J. Smith and J. J. Smith, respectively.

MALES IN CHURCH BALK AT BAN ON GIRLS' SHORT SKIRTS

FRANKFORT (Ind.) Sept. 15. (Exclusive)—A resolution regulating the lengths of skirts worn by women of the Pilgrim Holiness faith was introduced at the annual General Assembly of that denomination in session in this city.

The resolution, tabled after much discussion, required that all women more than 18 years of age wear skirts not more than nine inches from the ground under penalty of banishment from the church, and that girls between 14 and 18 should wear skirts not higher than twelve inches from the ground.

BLAZE SWEEPS TOWN OF SNOWSLIDE FAME

BINGHAM (Utah) Sept. 15. (P)—Fire which for a time threatened a large portion of this mining camp was brought under control this afternoon after it had destroyed Dehstom's boarding-house and the Holy Rosary Catholic Church, from which the unclaimed dead of Bingham's snowslides, which took thirty-nine lives last February, were buried. No one was hurt. The damage is placed at \$20,000.

IMMIGRANTS TO PAY MEXICAN ENTRY TAX

MEXICO CITY, Sept. 15. (Exclusive)—All immigrants entering Mexico will pay a tax of 20 pesos, according to a new decree issued by President Calles. The tax will be collected in stamps of the regular internal revenue kind, the payment being made to the immigration inspector at the port of entry. All members of the immigration service have been notified of the new decree which becomes effective immediately.

Humboldt Park Given Additional Redwoods Tract

SACRAMENTO, Sept. 15. (P)—Deed to a 150-acre grove of redwoods on the south fork of the Bear River, given to the State as an addition to the Humboldt State Redwood Park in Humboldt county, was received today by State Forester M. H. Pratt.

The donor is Mrs. Kate Felton Nelson of San Francisco, daughter of the late United States Senator Charles M. Felton. It is stipulated in the deed that the grove must be preserved in its natural state and no camping allowed therein.

VETERAN AUDITOR OF SANTA FE DIES

SAN FRANCISCO, Sept. 15. (P)—G. O. Wood, 58 years of age, veteran traveling auditor of the Santa Fe Railroad Company, died here last night. He had been in the service of the railroad company more than thirty years.

THE APOLOGETIC AMERICAN

By Garret Garrett

A lot of people in Europe are calling Uncle Sam Uncle Shylock—and some weak-kneed Americans are agreeing with them and apologizing for their unregenerate fellow-countrymen. The answer to all this Shylock-talk is summarized in an article by Garret Garrett in The Saturday Evening Post, now on sale, five cents.

VIGORINE AND THE MISSING

By Joseph C. Lincoln

Benajah Oaks had trembled for years before the devastating fury of Uncle Enkid's dyspeptic tantrums—but that was before he was bled upon the four bottles of Vigorine, and armed with an old cavalry saber that led him to fame and fortune in this outrageously laughable tale by Joseph C. Lincoln in The Saturday Evening Post, now on sale, five cents.

JONES AND VON ELM HEAD FOR NATIONAL GOLF FINALS

THREE YOUNG MEN OF TROY

There was considerable rejoicing over the opening of the football
season yesterday but nobody was any happier about it than Gene Dorney,
kicking, and Don Williams, shown handing the pigskin to Morton Kaser.
Dorney and Williams have been out of the game for a year and acted
like a couple of frisky colts upon returning to the turf yesterday. Kaser
was fast and full of fight himself and his friends opine that he'll be a
riot.

BROOKLYN, Sept. 15. (AP)—The
Reds humbled Brooklyn and retained
the top notch in the National League
scramble today 7 to 2. The victory
gave Cincinnati a clean sweep in the
five-game series.
Epps Rixey, southpaw, who blanked
the Robins Monday, was a puzzle for
Brooklyn again today. He allowed
seven scattered hits. Petty, matching
his left arm against Rixey, conceded
only two more, but his mates played
raggedly, five errors being chalked
against them.
Butler and Deberry made mistakes
in the first inning encouraging Hen-
dricks's men to score twice. In the
third inning, Rixey, who has been in
fine fettle during the series, tripled
with two runners on.
Brooklyn was let in for a tally
in the fourth when Herman hit
over the right-field wall for a
home. Another Robin ran came
in the last half of the ninth,
Herman scoring on Butler's fly to
Walker after he had singled and
taken third on Cox's one-bagger.
Cincinnati scored again in the
sixth and added a victorious
touch in the eighth with two

AMERICA'S BIG FOUR BATTLE FRENCH STARS IN NATIONAL SINGLES TENNIS PLAY TODAY

today, the four
American
aces will go into
the quarter-fin-

against the same
opponents they
turned back in
the Davis Cup challenge round last
week.
This is the way the Franco-Ameri-
can battle lines will be drawn in to-
morrow's matches, starting at 2:30
p.m.
William T. Tilden vs. Henri
Cochet; Vincent Richards vs.
Jacques Brugnon; Richard N.
Williams vs. Rene La Coste; and
William M. Johnston vs. Jean Bo-
tatta.
Tilden's battle in defense of
the crown he has worn for the past six
years found him extended for the
third straight day, carried to the
full limit of five sets by Arnold W.
Jones of Providence, R. I., former
Yale captain. Nevertheless, the na-
tional champion's closing flou-
is not only carried him to victory by
scores of 7-9, 7-6, 4-6, 6-1, 6-2, but
revealed him as closer to his real
form than at any time this week.
The figures indicated that Tilden
had a close call from losing
three sets in a row, but the cool-
headedness with which he regained
control and swept through the

Over the hills where American Minnie

thirty-two gladiators of the links
grappled for the national amateur

JOE GANS WINS BY KNOCKOUT

**Dusky Lightweight Snuffs

BY PAUL LOWRY
Tommy O'Brien's substitute, a
gent of Jewish extraction named
Bobby Burns, was made to order for
Gerald Slaughter,
unusually known
as Baby Joe Gans
in boxing circles,
and he wound up
with his pants

seven rounds of
punishment at
the Olympic last
night.

JOE GANS.

Just how little

coupled gent
from New York
had with Los An-
geles' ebony
thunderbolt is
indicated by the number of times he
was whacked by Joe in the mush.
By actual count Burns landed
two belts that were not blocked.
One was an overhand right in
the first round that caused Gans's
nose and mouth to bleed slight-
ly. The other was a left hook. It
found its mark in the fifth
round.
The rest of the time the candidate
from Jerusalem was busy ducking
rights and lefts from the gloves of
Gans.
He didn't duck 'em all by any
means, and as early as the second
round he was reeling from short
right-hand jolts to the face. In fact
he all but went to the floor, but
saved himself by balancing on his
right paw.
In the third round Burns crashed
to the canvas when Gans uppercut
club president, today appealed to fans
not to send in any more requests.

LIBERALS FAIL TO GET CONTROL

Coalition Government for Canada Predicted

Premier Meighen Expected to Resign Post

Former Chief May be Asked to Form Cabinet

OTTAWA, Sept. 15. (P)—With all but two seats of the Federal Parliament accounted for in yesterday's general elections the main question in the minds of all is whether the Liberal party, with 19 seats or four short of a majority over all other parties in the House, will be content to rely on Liberal-Progressive and Independent support in the House, or whether there will be a definite coalition government.

Such a government, according to rumors in the capital today, would include Liberals, Liberal-Progressives and straight Progressives, numbering 138 members at least, giving the government a strong majority.

Complete returns in the elections as announced by the Canadian press show the following standing of the parties:

LIBERALS, 119; CONSERVATIVES, 91; PROGRESSIVES, 8; LIBERAL-PROGRESSIVES, 11; UNITED-FARMERS OF ALBERTA, 11; LABOR, 8; INDEPENDENTS, 2.

BYE ELECTIONS NECESSARY
Latest indications are that a session of Parliament will be held in November to clear up all outstanding business left over through the abrupt proroguing of Parliament last July. It is expected that Arthur Meighen and his government will resign as soon as the Liberal party is able to take over the reins of office. Bye elections then will have to be held to elect new Cabinet Ministers.

Strenuous days lie ahead of W. L. Mackenzie-King, Liberal leader, who looks forward to resuming his post as Premier. When he again forms a government, all members of its existing paid offices, including Mr. King himself, will have to seek re-election. On October 12 he is due in London for the imperial conference.

One surprise in the campaign was the decline in the Conservative strength in Ontario and the prairie provinces. In Ontario the Conservative representation dropped from 68 to 58. In Manitoba, where the Conservatives held six seats in the last Parliament, they will have none in the next. In all three prairie provinces there has been up to the present only one Conservative returned as against nine in the last Parliament.

MINISTERS DEFEATED
The five ministers in Mr. Meighen's government who were defeated in yesterday's elections are E. L. Patenaude, Minister of Justice; Andre Fauteux, Solicitor-General; Eugene Paquet, Minister of Health; and Donald Sutherland, Minister without portfolio, and Raymond Merand, Minister without portfolio.

Mr. Meighen was elevated to the Premiership on the resignation of Mr. King last July, when the Governor-General refused a request of the King government to dissolve Parliament when it was faced by a vote of censure before the House of its responsibility of asserted dishonesty in the customs service. The question of constitutionality of Lord Byng's action was made much of during the campaign by the Liberals.

Other questions which were of high import during the campaign were Mr. Meighen's proposal to revise the tariff on the protective principle and Mr. King's plea that no change in the tariff should be made that might prey on any legitimate industry.

Premier Meighen was defeated at Portage La Prairie, Man., by E. A. McPherson, an old friend and former law partner.

Land of State School May be Leased for Oil

SACRAMENTO, Sept. 15. (Exclusive)—With a view to leasing 125 acres of land of the State school for girls at Ventures for oil drilling, a State commission clothed with such power is preparing to advertise for bids. This announcement was made today by Charles L. Heartwell, member of the State Board of Control, who will assist the commission in the proposition.

Heartwell declares the State will seek to lease the property around which oil recently was discovered, on a twenty-year basis for a cash bonus per acre and a royalty for production. The commission charged with the power of making the lease, consists of the chairman of the board of control, State Surveyor-General and the Attorney-General.

Belgian Prince and Princess of Sweden to Wed

STOCKHOLM, Sept. 15. (P)—Princess Astrid of Sweden and Crown Prince Leopold of Belgium soon will become engaged to be married, says the Dagbladet Nyheter. The newspaper adds that the Crown Prince will leave for Stockholm next week.

Prince Leopold, Duke of Brabant, is 28 years of age. During the World War he served with the Belgian army and went with the troops to the front. In 1915 he visited the United States with King Albert and Queen Marie and traveled throughout the country.

Princess Astrid, who is the daughter of the Duke of Veste, is 21, brother of King Gustave, is 21.

BRUSSELS, Sept. 15. (P)—The Grand Marshal of the Royal Palace declared today he is unaware of any engagement between Crown Prince Leopold and Princess Astrid of Sweden.

WIFE WILLS ONLY \$1 TO WEALTHY HUSBAND
SAN FRANCISCO, Sept. 15. (P)—Mrs. Laura Bord, who died recently left all of her estate to her two daughters, with the exception of \$1 willed to her husband, E. B. Bord, wealthy cattleman of Texas and Oregon. Though not divorced, Mrs. Bord had been separated from her husband, her attorney said.

Announcing Your FORTUNE FOUNDATION

—To Provide You with "the Better Things of Life"

ON SEPTEMBER 15, 1926, The Citizens Trust and Savings Bank establishes a convenient form of Account to be known as your FORTUNE FOUNDATION

- Q Its purpose is to bring to you and every member of your household an opportunity to lay the Foundation of a Fortune—to establish it as firm as a rock, and to build upon it a financial structure that will be impregnable to attack.
- Q Our plan will help you to put aside a part of your income every week. By doing this regularly you will not miss the small deposit.
- Q It is surprising how quickly small amounts, saved regularly, grow into substantial sums—and compound interest will help you to establish the Foundation of your Fortune.

Our plan for your Financial Independence is as follows:

1. Sharpen your pencil and figure out how much you can really save every week.
2. Call at our Main Office or any of our Branches and ask to see the schedule showing the amount you will have at the end of a given time. It will interest you to see how your money will grow.
3. Ask for a special Fortune Foundation Coupon Book and see how it automatically reminds you to save.
4. Start with One Dollar, Two Dollars, Five Dollars or Ten Dollars, and keep up the weekly payments.
5. Make the deposit on pay-day, before you start to spend your money. Then you will not miss it.
6. Use FORTUNE FOUNDATION books to provide for your Taxes, Christmas money, Insurance Premiums, or Vacation Expenses.
7. Hold fast to your Resolution. Many wealthy men have started on the road to Fortune by laying just such a foundation as yours.

Be Among the First One Thousand to Establish Your Fortune Foundation

FOUR INDICTED IN 'DUAL DEATH'

Mrs. Hall, Widow of Pastor,
Accused of Slaying

New Jersey Jury Implicates
Brothers and Cousin

Change of Venue to be Asked
for Prosecution

NEW YORK, Sept. 15. (Exclusive)—Indictments charging murder were returned this afternoon against Mrs. Frances Stevens Hall and three of her kinsmen, Willie and Henry Stevens, her brothers, and Henry De La Bruye Carpenter, her cousin, by the Somerset county grand jury at Somerville, N. J. All four were accused of the murder four years ago of Rev. Edward Wheeler Hall, rector of the Episcopal Church of St. John the Evangelist in New Brunswick, and Mrs. Eleanor Mills, leader of the church choir and wife of the church sexton, James Mills. Strangely enough tomorrow will be the fourth anniversary of the finding of the bodies of Mr. Hall and Mrs. Mills, arms intertwined, stretched on the grass under a crabapple tree on the deserted Phillips farm near New Brunswick. They had been missing two days when a young couple, who were the frame for a lovers' tryst, stumbled over the bodies and sounded the alarm.

UNSOLVED MYSTERY
The initial investigation resulted in no arrests and the case had been dismissed as an unsolved mystery until a few months ago new officials came into office from county detective to Governor, and a new inquiry was launched. Today's indictments were the result.

The indictment of Henry Stevens was something of a surprise, although he recently figured prominently in the revived investigation and it was unofficially announced that his alibi, considered ironclad four years ago, had been broken down.

The other three have already been charged with the murders and arrested. Mrs. Hall, widow of the slain clergyman, is at liberty on \$15,000 bail. "Willie" Stevens and Carpenter are in jail. Henry Stevens will be arrested later tonight. It was indicated, however, that no attempt will be made to look Mrs. Hall up, but that she will be allowed to remain at liberty under present \$15,000 bail.

In accordance with the New Jersey law, the indictments voted do not specify the degree charged. The jury decides on the degree of the crime in the event the defendants are found guilty.

INDICTMENTS SPEEDY
The indictments came after a day of unexpectedly rapid action. Starting at about 10 o'clock this morning, the State had put before the grand jury—the April term, unexpectedly recalled last night—all the evidence collected in weeks of effort. Every important witness testified, but none at length.

The presentation of evidence was completed about ten minutes after 4 o'clock this afternoon. The grand jury retired for its deliberation a few minutes later.

Californian Shot
IN UTAH ACCIDENT
BRIHAM CITY (Utah) Sept. 15. (AP)—Robert J. Costello, 45 years of age, of 2441 Hopkins street, Oakland, Cal., was accidentally shot and seriously wounded today while traveling in an automobile with A. L. Haskell and one of his sons. The car was stalled on the highway and Mr. Costello, a miner, went to the aid of his party in his machine. As Mr. Costello stepped from his car he dislodged his rifle, which fell to the highway and was discharged, the bullet striking Costello. Costello is in a hospital here.

HERCULES IN COUNTY JAIL
Largest Prisoner Accused of Robbing Man Only Half His Size
Six feet three inches and 250 pounds of walling protest found its way into the County Jail yesterday in the person of George Newcomb, 35 years of age, the largest prisoner to grace the jail in some months, according to deputies.

The suspect was arrested yesterday on the Ridge Route and arraigned before Justice Palmer at Lankershim on robbery charges. His bail was set at \$5000 despite his protests of innocence and he was transferred to the County Jail here. It is charged that Newcomb slugged a man about half his size at a dance near Saugus and robbed him of \$78.

RELICS OF NAPOLEON IN GARRET
Desk Used by First Consul Had Been Serving as Phone Switchboard
PARIS, Sept. 15. (Exclusive)—Napoleonic relics, some of which are of much sentimental value, were found in the dusty garrets of the Ministry of War and removed to Malmesbury, the Napoleonic Museum. The most interesting piece without doubt is the mahogany desk the great man used when first consul, legend saying that he many times fell asleep at it after a hard day's work. For years it has been doing service as a telephone switchboard in the Ministry of War, nobody realizing its origin until a curious student of the Napoleonic period came along and identified it.

CHICAGO, Sept. 15. (Exclusive)—While college campuses throughout the country, but at the University of Illinois in particular, were ringing with denunciation of Wilfred C. Cross of Peoria, former student at Champaign, for his attack on co-eds, as published in the Witness, semi-official organ of the Episcopal church, another blast was released by the same publication.

ADMINISTRATION SENATORS VICTORS IN TWO STATES

Jones of Washington and Weller of Maryland Renominated; Klan Loses in Colorado

Two of the three Republican Senators whose renominations were contested in Tuesday's primaries were victorious, almost complete returns compiled yesterday by the Associated Press show. Senator Wesley L. Jones of Washington, a dry, a World Court advocate, and supporter of the Coolidge administration, was overwhelmingly renominated, while Senator O. E. Weller of Maryland defeated the leader of the wet bloc in Congress, Representative John Philip Hill. Senator Weller likewise has been a strong Coolidge supporter.

In the third Republican Senatorial contest, Senator Rice W. Means, reputed head of the Ku Klux Klan in Colorado, was decisively turned out by the voters in favor of Charles W. Waterman, chairman of President Coolidge's oil conservation board, and campaign manager for Coolidge in Colorado two years ago. While the Klan was the issue over which the primary was fought, the nomination of a strong Coolidge man is regarded at least not harmful to the administration.

On the Democratic side, Senator Brown, ardent wet, narrowly defeated in Louisiana, while Senator Smith of South Carolina

THE RENTAL QUESTION

"Shall it be a room? House? Flat? Apartment? Bungalow? How big? Where? How can I find it?" A moment's time with today's rental columns will sweep away your troubles. The desirable places in Los Angeles are there—grouped by districts—with flats and houses listed according to number of rooms.

anti-Klan leaders of the party, administered defeat to those who candidates were sponsored by Senator I. C. Phipps, chairman of the Republican National Senatorial Committee.

RESULTS GENERAL

The vote from 1490 precincts out of 1501 in the State showed Waterman's total to be 56,020; Means's 40,187; George A. Lusk's 14,240; Morison F. Chadwick, Democrat, 10,001.

In a three-cornered race for the Republican gubernatorial nomination a similar defeat was administered by the anti-Klan candidate, former Gov. Oliver H. Shoup, who, after an absence of four years from politics, was renominated for the term.

The vote in 1490 precincts showed Shoup leading with 56,384; John F. W. Brown, 41,158; Carl S. Milliken, 15,320.

Former Gov. William E. Sweet apparently was the Democratic nominee for the United States Senate, returning from 1933 precincts indicated Sweet having piled up a commanding lead over his nearest opponent, Paul Prosser. The vote stood: Sweet, 25,078; Prosser, 19,342; Hayes, 7285.

WORLD COURT ADVOCATE WINS IN SOUTH CAROLINA

COLUMBIA, (S. C.) Sept. 15. (AP)—United States Senator Smith, World Court advocate, apparently had won the Democratic nomination today over Col. Edgar Brown, speaker of the State House of Representatives, on the face of returns from 1289 of the 1383 precincts in the State in yesterday's run-off primary.

Senator Smith, who has been a vocal advocate of the World Court, had 78,904 votes, while Col. Brown had 78,904 votes. The vote in favor of Senator Smith was 78,904.

THOUSAND LEAD RETAINED IN LOUISIANA

NEW ORLEANS, Sept. 15. (AP)—The majority by which Senator Edwin S. Brownard, wet, was renominated over former Gov. Jared Y. Sanders, dry, in the Louisiana Democratic primary continued to hover around the 5000 mark tonight as complete returns came in from the precincts.

With thirty-nine precincts missing, Senator Brownard had 64,533 votes and Sanders, 61,418.

A few precincts still were missing from the parish of St. Charles, Cameron, had not been reached at all. The parish, however, was expected to go into the Brownard column, returning from that parish was the only means of communication is by a tri-weekly train. The parish has no roads, telephones or telegraph lines.

PAPERS MISSING IN METALS CASE

port myself. They were in the box with other checks, vouchers, brokerage accounts and the like. I left them in the store on the third floor of Mr. King's home.

"When did you see them again?" "I saw them on March 27, 1936. The box had been brought back to New York and after King died I took it back to Bridgeport." King died on May 15, last.

"When did you see the box again?" "In June of this year. Two representatives of the government called at the home in Bridgeport and looked through the papers in the box."

"Were the checks found?" "They were not."

"Do you know what became of them?" "I do not."

"I suppose your answer is the same as regards the Daugherty letters?" "Yes."

MERTON ENDS STORY

After trying for two and one-half of the six days he was on the stand to shake his testimony, the government concluded its re-direct examination of Merton. Merton did not alter his story in any of its material aspects, and asserted throughout that he believed in 1921, when he claims were made and paid, and that he believes now that the transaction was legal and sound.

The government found itself in an anomalous situation with its own witness. Not only had the defense, according to Judge Mack, taken the witness as their own, but the whole of the government's attempt to show that he had made spurious claims followed the testimony of members of U. S. Atty. Emory R. Buckner's staff that Merton, his brother and other German Swiss citizens, were not culpable.

FRENCH AROUSE IRE OF ITALIANS

Fascist Orders Bitterly Assail Neighbor

Arraignment Similar to Threat Voiced

Paris Envoy Complains of Rioting in Rome

ROME, Sept. 15. (AP)—Orders issued to the Fascist party by its directory today refer vehemently to the French attitude in refusing to accept any responsibility in the case of Gino Lucetti, who came from France to make his attempt against the life of Premier Mussolini. The orders say in part:

"The land of France, for whose safety some of our 300,000 war dead fell, has been for years the most hospitable land for all those hatching in their perfidious hearts hatred against Italy."

It is there, the orders continue, that "spirits are excited, bombs are built, and our people are persecuted who later will enter Italy to attempt the life of the head of the Italian regime. All this can no longer be tolerated."

The orders declare that, if France desires to continue friendship with Italy, she must change her line of conduct. At any rate, after what happened, Italy will keep a sharp watch at the frontiers and such as people as Lucetti with "guns in hand."

Fascism still must consider itself as a land of peace, but it should be found between subversive Italian as well as outside Italy regarding the attempt against the Premier, then the Fascist will know how to act."

The Paris press, after two days of protesting against the anti-French policies of the Italian newspapers, has turned its attention to other subjects.

ROME, Sept. 15. (AP)—The outlines of the capital-punishment bill being prepared as an aftermath of the recent attempted assassination of Premier Mussolini are being put into effect today. Three categories of criminals are enumerated as liable to the execution.

First: Those attempting the life of the King, Queen, Crown Prince or head of the government.

Second: Leaders of robbing or sacking parties in times of emergency; organizers of civil war; organizers of strikes and lockouts; and those conspiring against the welfare of the country.

Third: Perpetrators of grave private crimes, such as premeditated murder of father, mother or son; murder of children; rape; abduction by convicts serving penal terms; and murder by more than one person organized for banditry.

Fourth: Those who, in the execution of their duties, have committed crimes of a particularly heinous nature.

AMERICAN SHIP PLAN REVEALED

British Told That Merchant Marine Will Stay

Head of Shipping Board in Talk to Financiers

Co-operation to Eliminate Half-Loads Urged

LONDON, Sept. 15. (AP)—T. V. O'Connor, chairman of the United States Shipping Board, told British financiers and shipping men today that the United States merchant marine is going to stay on the high seas. The American Congress, he explained, has passed laws requiring that at least half the country's exports and imports be carried under the American flag. His remarks were made at a luncheon arranged by Joseph H. E. Shuey, European director of the Shipping Board.

After telling the British that the United States realizes that the maritime nations of Europe will pursue their ocean trade with historic perseverance, Mr. O'Connor said:

"I wonder if you have the same confidence in the ability and determination of the United States to stick it out upon the high seas. It should be clearly understood that the American Congress is determined to have a permanent merchant marine, privately-owned if possible, but a merchant marine at all events."

Mr. O'Connor cited the American law authorizing railways to give preferential rates to freight destined for shipment to foreign ports in ships under the American flag. "I need not dwell upon the benefit to American shipping if we attempted to invoke this law," he said. "We have not invoked it."

Mr. O'Connor urged the necessity of greater economy on the part of all nations in operating ships, and said there should be a division of territory so that ships will not have to sail with only part cargo.

Mr. O'Connor went to Dublin tomorrow where he will be the guest of honor at a luncheon attended by Free State and north Ireland officials.

a 50 per cent loss on its corn crop, according to John Wattaya, soil adviser to the Kansas county. Oats and wheat have been damaged by abnormal waterfalls that have raised the Fox River eight inches at Aurora. The Fox River was rapidly rising today.

Charles Keiner, Winnebago county soil adviser, announced that if frost should follow in the wake of the present wet spell, almost the whole of the corn crop in his county would be ruined.

TOWN FLOODED

Rock Island reported that Mill Creek at Milan, four miles south, went over its banks and flooded a section of the town. The water continued to rise today and with indications of more rain it is "eared it may go over the hard road embankment which protects part of Milan and maroon the whole town. The people were aroused from their sleep at 1:30 o'clock this morning by the warning peal of the fire bell."

The rainfall also broke records in scores of localities over the area, and made measurements for the first fifteen days of September greater than those for the entire month in any previous year. Many cities have measured more than a foot of rainfall in the first half of the month.

The heaviest precipitation last night was at Maryville (Mo.), where 4.4 inches of rain fell. Albia (Iowa) and other Southern Iowa points had more than two inches of rain, and Dixon (Ill.) reported a fall of 3.61. St. Joseph and Hannibal (Mo.), Dodge City and Hutchinson (Kan.), and Omaha reported falls in excess of an inch.

Look
Younger

WAKE up your sleeping youth!
Look younger! Be younger!
Age has little to do with your looks
or your feelings. It's the condition
of your blood that counts.
And blood will tell! It tells in a
hundred ways. If your system is
starving for rich, red blood, you
may look and feel old at thirty. But
if you build up the red-blood-cells
with S. S. S., you'll quickly see the
wrinkles fade away—the sagging
pouches give way to firm, solid flesh—
and the fresh, glowing beauty of
youth take the place of a skin sal-
low and disfigured with blemishes.
Rich, red blood means youth,
vitality and energy! S. S. S. helps Na-
ture build red-blood-cells by the
millions. For generations S. S. S.
has been keeping people looking
and feeling young.
Fresh, cleansing, purifying, rich,
red blood that S. S. S. helps Nature
build, nourishes every muscle, or-
gan and tissue of the body. Pimples,
blotches and black-
heads disappear.
Sore, aching and
rashes dry up. Your
face—your body—
your whole being
akes on the look and
power of youth. Wake up your sys-
tem with S. S. S. Build red blood
and you rebuild youth! Get S. S. S.
from any druggist. The larger bot-
tle is more economical.

Got The Real Thing

"For five long years I suffered
with stomach trouble and what
the doctors called gall stone colic,
and all said nothing but an op-
eration would do me any good. A
friend who had taken your medi-
cine advised me to try it, and I
found it to be the real thing. I
feel better than I have in eight
years and I am praising God for
MAYR'S. It is a simple, harmless
preparation that removes the ca-
tartharal mucus from the intestinal
tract and allays the inflammation
which causes practically all stom-
ach, liver and intestinal ailments,

JUDGE UPHOLDS JAIL BREAD DIET

Restraining Order Denied by
District Court

Fifty-Year Old Prisoner Not
Affected, Says Doctor

Complains of Illness and
Craves Beefsteak

TEKAMAH (Neb.) Sept. 15. (AP)—
An application for a temporary order
restraining Burt county officials from
keeping Roy Carson, farmer liquor-
law violator, serving his bread-and-
water jail sentence here was denied
today. District Judge James
Pittenger said that inasmuch as the
State Supreme Court had held the
sentence constitutional, the District
Court was without jurisdiction to
do otherwise. Nothing alarming is apparent in the
condition of Thomas Nelson, 50 years
of age, who is on his fifth day of
bread-and-water punishment. He de-
mands an immediate change of diet.
County Physician H. W. Benson de-
clared after an examination.

SENTENCE ALTERED
Carson, 35, Nelson's cellmate was
found to be undernourished after
serving a week on the diet and his
sentence was altered to provide ten-
day stretches on bread and water
instead of two twenty-day periods
during the sixty-day jail sentence as
ordered by County Judge Chaff when
Carson and Nelson pleaded guilty to
charges of possession of liquor.

It will be several days before Nel-
son's examination can be completed,
however, Dr. Benson explained, as the
blood tests are to be made at an
Omaha laboratory.
Max S. Saltzman, 15, today began
his second stretch of bread and wa-
ter for drunkenness. Saltzman's ap-
peal to the State Board of Pardon
and Parole failed when the board
held that it had no jurisdiction in
the case. The application to the
board requested a respite from the
monotonous diet.

CRABE BEEFSTEAK
No action has yet been taken in
behalf of Fred S. Dirks, sentenced to
sixty days in the County Jail at
Hartington, the first ten and alter-
nate ten days of which must be
served on bread and water. County
Judge Wilbur Bryant, who sentenced
Dirks when he pleaded guilty to a
charge of transporting liquor, has
declared he does not expect any ac-
tion in Dirks' case.
Dr. Benson said he found that Car-
son had lost four pounds. He now
weighs 110 pounds. Nelson weighed
144 pounds—lost of six pounds
since last Saturday.

Nelson complained of illness yester-
day and said he "must have eaten
too much bread."
"Keep thinking of beefsteak," Nel-
son declared. "I crave a beef-
steak."

THIRTEEN ASK SEATS IN COUNCIL

Nine Nonpermanent Places
Will be Filled by League
of Nations Today

GENEVA, Sept. 15. (AP)—The at-
mosphere of an American city in
which the delegates to a national
party convention in a bewildered
way are sifting the merits of a set
of favorite sons, is reproduced in
Geneva tonight, with the exception
that nations, not individuals, are
the candidates.
So exciting is the canvassing for
the nine nonpermanent seats in the
council of the League of Nations
that the League leaders abandoned
their original plans to hold the elec-
tion today, and postponed it until
tomorrow morning to permit the as-
pirants further time to line up their
partisans.

The Irish Free State looms large
in the campaign, for Ireland's can-
didacy for a League council seat
was officially launched today. The
Free State is asking for the support
of all the dominions, declaring
that in the judgment of the Irish
delegation dominion intercourse
would best be served by the pres-
ence of the Free State in the coun-
cil.
Thirteen candidates have appeared
for the nine places, three of which
must, under the council organiza-
tion scheme, formally approved by
the assembly today, be distributed
among the countries of Latin-
America. Election eve forecasts make
Holland, Belgium, Poland, China
and Rumania practically certain of
success. Chile, Colombia and Sal-
vador will be before the assembly
as the choice of the Latin-Amer-
ican caucus, but Uruguay, dismis-
sed apparently with the designation
of Salvador instead of herself, will
probably push her claim on the floor
of the assembly.

Gov. Al Smith Plans to Seek Renomination

NEW YORK, Sept. 15. (AP)—The
New York Times says Gov. Alfred E.
Smith has definitely decided to re-
spond to the call of the Democratic
party and become for the fifth time
its candidate for Governor. All doubt
on that question was removed, the
paper says, when word came from
Albany that speeches placing him in
nomination were being prepared.
The paper lists as other candidates
on the Democratic ticket: Edwin
Cornish, chairman of the Democratic
State Committee, as candidate for
Lieutenant-Governor and Justice
Robert F. Wagner of the Appellate
Division for United States Senator.

BEGGAR TERRORIZES FASHIONABLE DISTRICT

SAN FRANCISCO, Sept. 15. (AP)—
Residents of the fashionable Pacific
avenue district were terrorized late
today by a professional beggar, Al-
bert Gleckel, who shot at a maid
and robbed the home of Joel K.
Hecht. The shot went wild, and
the beggar, a cripple with artificial
legs, fled. He was arrested later on
a street car, and charged with rob-
bery and assault with intent to com-
mit murder.

This WASHER is NOT for SALE

THIS is a "Show You" washer. Its mission is to go to your home to do a washing for you **FREE**—so that you may know what it will do—how much easier and quicker it washes.

You may know about other washers, but this washer is **different**—different in design, different in principle, years ahead. It does things no other washer can do.

You may think you can afford to do without a washer. Perhaps you can. But there is no harm in knowing "**for sure**." You cannot lose by using this washer to do a washing. And you may, **in fact you will**, be very much surprised and delighted.

So gather together your used clothes, and phone us to send you a Maytag. Wash with it. Find out **why** it is the world's leading washer. Find out **how** it washes a tubful of ordinary clothes in 3 to 7 minutes; **how** it cleans collars, cuffs and wristbands without hand-rubbing; **how** it turns out 50 pounds of dry clothes per hour—twice the capacity of other washers.

Deferred Payments You'll Never Miss

THE MAYTAG COMPANY, Newton, Iowa

After the washing is done—easily in half the time of ordinary washers, and everything so immaculately clean—the mission of the washer is ended. It will be taken away again, **that is**, if you think you can afford to get along without it.

DAUGHERTY CASE WITNESS WED

Boxie Stinson, Who Assisted
Senators at Hearing,
Oil Man's Bride

WASHINGTON, Sept. 15. (AP)—Boxie Stinson, divorced wife of the late Jesse W. Smith, who gave sensational testimony in the Senate hearing during the investigation of the Attorney-General's office under Harry M. Daugherty, was married at Covington, Ky., the 3rd inst., to Phillip E. Brast, an oil operator, she announced here today on her return from New York.

were passed in most instances "without objection."
"The use of the power of obstruction is continuous and manifest itself in some direct or indirect way in almost every session of the Senate. Occasionally even the staunch supporters of the present system when outraged by some particular application of it will protest."
"Of the bills and joint resolutions introduced in the respective Houses of Congress the number in the Senate passed something over forty-eight per member, and in the House thirty-one per member. The average Senator therefore succeeded in having the Senate pass one out of every eight of the bills and joint resolutions he presented, while the average House member only succeeded in having one pass the House out of fifteen he introduced."

PRACTICE ABUSED

"For more than 125 years those few members of the Senate who from time to time have striven for reform of the rules have failed because those only can abolish the evil who benefit from it—the Senators themselves."

"But, notwithstanding this, there is on particular reform in the rules which is so vastly important to the public interest, so free from general objection and the special objections urged by Southern Senators, that it should be possible of accomplishment at the present time. This change would take from individual and minority senators the sinister power of compelling or threatening to compel, extra sessions of Congress by filibustering against revenue and appropriation bills in the short session of Congress. The idea that a man, or a few men, because of personal pique arising out of their failure to obtain sectional items in appropriation bills or the passage of other bills in which they have a personal interest, can punish not simply the majority of the Senate but the people of the United States by depriving our government of money to run its machinery unless a special session is called, is monstrous."

SECRETARY DAVIS'S MOTHER SUCCUMBS

SHARON (Pa.) Sept. 15. (AP)—Mrs. Esther Nichols Davis, mother of Secretary of Labor James J. Davis, died in a hospital here yesterday after a brief illness. She was in her seventy-fourth year.

FOREIGN POLICY RAPPED BY COX

Accuses America of Being
"Collection Agency"

Says Nation is Mortgaging
"Civilization's Soul"

Thinks Farm Discontent Will
Defeat Coolidge

NEW YORK, Sept. 15. (AP)—Former Gov. James M. Cox of Ohio, the Democratic candidate for President in 1920 on the League of Nations platform, issued a statement last night following his return from abroad, bitterly attacking the United States foreign policy, especially concerning the collection of war debts.

He asserted this country has "no foreign policy unless the collection agency which we are hardnasty conducting can be regarded as its expression."

He asserted the United States "once inspired to efforts to save the soul of civilization is now insisting on 'filling a mortgage upon it.' No nation was ever more respected than the United States in 1918, he said, but today none is more hated."

The attitude of the United States since the war, in Mr. Cox's opinion, has "engendered racial feeling at home, as bitter as it ever was abroad, and now this has led to religious differences."

"Children yet unborn will be old men," Mr. Cox said, "before we have swayed our last pound of flesh. Our progeny will reap the harvest of our blunders. We can corner the gold of the earth, but it will plague us in time."

Mr. Cox expressed the opinion that "if the agricultural discontent continues," President Coolidge will not "even be nominated." Frank O. Lowden will receive the Republican Presidential nomination in that event, he predicted.

Gov. Smith of New York was termed by Mr. Cox "a good chap anywhere you put him," but said Ohio's support of Smith for the Democratic Presidential nomination hinged on whether former Senator Alben Barkers of Ohio would be a candidate.

"As for prohibition, I doubt very much whether prohibition will be a lasting institution," said Mr. Cox. He predicted that Congress will be Democratic this year and that the Senate will be even more Democratic than the House.

CATHOLIC BISHOP OF MEXICO ACCUSED

MEXICO CITY, Sept. 15. (AP)—Dispatches from Saltillo say that the Catholic Bishop Jesus Maria Echeverria has been deported from the State of Coahuila and sent to Mexico City. He is charged with publishing leaflets forbidding Catholic children to attend government schools.

Bee Sting Kills Woman Despite Prior Immunity

REDDING, Sept. 15. (AP)—Mrs. Henrietta Wing, wife of an apiarist at Cottonwood, was stung by a bee at 8 o'clock last night and died within two hours.
Her heart became affected, her physicians said.
She had handled bees for years and a bee sting had never bothered her before.

Federal Board Denies Pleas on Community Tax

WASHINGTON, Sept. 15. (AP)—Twenty-one appeals from California taxpayers who filed separate community property tax returns were overruled today by the board of tax appeals, which sustained a previous ruling that the entire income of a couple belongs to the husband and that a higher tax is payable.

Students to Face Trial in Nippon Communist Plot

TOKIO, Sept. 15. (AP)—Forty-two university students arrested at various times since last December were held today by the Preliminary Court for trial on charges of Communist intrigue.
The students were specifically charged with having perfected an organization for the purpose of establishing a Communist government in Japan twenty years hence.

[In your Roof Protection—Insist on PABCO SHINGLES]

A new expression;
"What a beautiful roof!"

A few years ago a roof was a roof...that was
all! It was there to cover the house...but not
to add architectural beauty.

Today it is different. You can have a roof of
one solid hue...or a blending of rich colors.
You can select from several styles of shingles.
Nor is this added beauty a "luxury" that only
a few can afford. PABCO Shingles need no paint-
ing...no re-painting. The colors are perma-
nent. A PABCO-shingled roof need cost no more
than a painted wooden shingle roof...yet it
is many times more artistic.

Ask your dealer to show you the different
PABCO Shingles in their various colors.

LONDON, Sept. 18. (By Wireless)
The only feature of the markets here
today was the general rally in Chi-
nese stocks, the recent fall appar-
ently having attracted buyers. Other
markets were lifeless and a trifle ear-
lier awaiting coal developments.
All fresh capital issues are obtain-
ing instant success. More than
4,000,000 pounds of securities have
been offered this week, showing that
the absorbing power of investors is
still considerable.
Keen interest is manifest here in
the Canadian election. The chief
hope is that a working majority may
result for the winning party.
It is reported that the Harman
group is taking an interest in the
London-Irish Trust to be offered here
soon.
National accounts now show a total
shrinkage of revenue for the current
fiscal year of more than \$8,000,000
pounds against an anticipated ex-
penditure of \$12,500,000 pounds for the
full year.
It is believed that New York bank-
ers will soon negotiate a loan to
Chile.
Intensification in stocks continued up
to the close of the market. Out-
standing securities were easier on the
demand for money incident to the
Italian debt payments of \$3,000,000
pounds.
Favorable Chinese news brought
about a rally in those bonds. Argen-
tine rails were favorably affected by
the excellent dividend announce-
ments and traffic reports.

RUBBER MARKET

NEW YORK, Sept. 18. (Exclusive)—No change
was in evidence in crude rubber prices in New
York today, with most quoted at 67 1/2c. Latex
sales from London showing a similar direction,
quoting spot sheets at 19 1/2c, unchanged from
Tuesday. Slight market sheets sold at 67 1/2c.
with much smaller quantities sold.
Trading in the street continued at the quiet
pace, with few sales reported for the day.
Orders are confined to small and scattered orders.

NEW YORK CURB STOCKS

NEW YORK, Sept. 18. (AP)—Mixed
price movements in today's curb mar-
ket reflected the play of opposing
speculative forces. Bear traders were
again successful in forcing a reaction
on a revival of rumors of an in-
crease in redemptive rates, proving
that the credit situation was still a
source of widespread uneasiness.
With few exceptions, oils moved
within rather narrow and irregular
limits. Curb syndicates and the Tidal
Crane issue each were hammered
down around 3 points and Gibson
duplicated the year's low of 3 1/2.
One of the theories advanced for the
recent heaviness of the oils is the
belief that the report of the Federal
oil conservation board will lead to
economics in the use of fuel and
probably a growing preference for au-
tomobiles of high gasoline mileage.
Pools were again active in a few
specialties. Warner Brothers' Fi-
gures B was hammered down nearly
7 points to 52 1/2, but rallied to
56, and Fox Thaters A closed frac-
tionally lower at 26 1/4 after having
sold more than a point above that
figure. Freshman was big up to an-
other high of 34 1/2. Singer
Manufacturing broke 3 1/2 points on
a few sales on the gloomy picture
presented by the head of the company
in describing its foreign business. Mis-
souri held steady. Coal shares were
firm.
Unlisted trading privileges were
granted today to 150,000 shares of
par capital stock of the National
Standard Company of Michigan. Con-
siderable stock of the Cleveland Auto-
mobile Company was sold at 60 1/2.
E. Kahns common stock was stricken
from the list.
The closing price is shown when made up
the low and high and when none as the high.

LOS ANGELES TO PORTLAND LINE

Service will begin November 14

Steamships on this line expected to sail from here

AIR MAIL SCHEDULE

Transcontinental air mail service to and from Los Angeles is operated by the Pacific Northwest Airlines (P.N.A.) via Seattle, Portland, and Vancouver. The service is operated by Douglas DC-3 aircraft, which are equipped with air mail facilities. The schedule is as follows:

Los Angeles to Portland:

Depart Los Angeles 8:00 a.m.
Arrive Portland 12:00 p.m.

Portland to Los Angeles:

Depart Portland 1:00 p.m.
Arrive Los Angeles 5:00 p.m.

AMERICAN GOODS YEARLY EXPORTS

800,000 tons to the United States in the same period.

At this time Los Angeles handles but 14 per cent of this traffic despite the fact that it is 4,000 miles nearer to the Pacific coast than New York, which handles 76 per cent of this business. The direct connection is expected to give Los Angeles a greater share of this traffic. It is also expected to attract a greater flow of products from the central sections of the United States through the gateway of the Pacific instead of through the eastern ports.

EXPRESS PACKERS

Los Angeles express packers are optimistic that the approaching sailing of the liner, the *Manila*, will result in a greater flow of goods to the Pacific coast. The *Manila* is expected to arrive in Los Angeles on September 18, and is expected to depart for the Pacific coast on September 19. The packers are optimistic that the sailing of the *Manila* will result in a greater flow of goods to the Pacific coast.

TRANS-PACIFIC MAIL

Following schedule of sailings is provided by the Los Angeles Harbor News:

**HUGE PENSION
DEFICIT SHOWN**
Police and Fire Fund Short
by \$11,488,000
Brief Retirement Period
Conference Subject
Employees Offer Alternative
Contribution Plan
A deficit of \$11,488,000 in the po
lice and fire pension fund was
revealed yesterday at a conference
between the Board of Pension Com
missioners, the Council's special leg
islative committee and the Finance
Committee. The meeting was con
ducted to determine upon certain
charter amendments in the pension
system to submit to the voters in the
November election.
The deficit was revealed by actual
figures, based upon expectancy tables
and contemplated the continuation of
annual contributions. Another mat
ter taken up was the retirement age,
which at present is twenty years of
service, thus permitting some men to
retire on comfortable pensions in the
early forties.
The pension commission suggested
that the status of men at present in
the departments with service of
twenty years be permitted to retire
at the expiration of twenty years of
service, while those with less than
twenty years of service put in twenty
five years. Asst. City Attorney Whitehead
said he doubted the advisability of
this arbitrary division, declaring that
litigation might come from it. The
commission's plan also contemplated
a contribution to the fund of 4 per
cent from each man's salary, a sliding
scale of payments on disability.
At present the men contribute
nothing to the fund.
The police and firemen, who had a
committee present, offered an alter
native proposition whereby the status
of men in the departments be un
changed, but that men entering the
service after the adoption of the
amendment be required to serve
twenty-five years before retirement,
and that contributions be between
2 and 3 per cent, based upon length
of service.
The legislative committee took the
proposals under consideration.

'BABES IN WOOD' FIND FAIRY WEALTH
Children Struggle for Living While Parent Obtains Legacy
AIRY godmothers appear in odd
guise sometimes. When three
lonely, cheerless youngsters,
who had been struggling along with
their mother for more than a
month were taken in charge by
Deputy Sheriff Ousby and Kriehbaum
as sole heirs to a \$200,000 estate, the
children little suspected that it would
prove a blessing in disguise.
Ousby and Kriehbaum were in
investigating in the Mar Vista district
when the constable there called their
attention to the three Roberts chil
dren, aged 14, 12 and 10, who were
expected to be gone only a week,
and made arrangements with her
grocer to supply the children's wants
during her absence. But in Salt Lake
complications arose. An attorney,
according to Mrs. Roberts, tried to
prevent the proper settlement of
the estate and she was unable to
leave the field of battle.
"I couldn't sleep nights," she
said, "and my hair turned gray."
In the meantime, the three young
sters' only money was supplied by
Mrs. Roberts, who carried a paper roll
of the estate and was unable to
leave the field of battle.

**CANDIDATES
FILE REPORT
ON EXPENSE**
Kelley Leads With Bills
for \$8970 While Ham Says
He Spent Nothing
At 8 p.m. yesterday, 11 tally
all of the candidates running for ju
dicial and county offices had filed
their campaign expense accounts,
ranging in size from nothing to \$8970.
It was announced by W. M. Kerr,
Registrar of Voters.
The largest voucher filed was that
of Charles Kelley, Pasadena police
chief, who is running for the office
of Sheriff, who declared he had spent
\$8970 in the interests of his cam
paign, while the smallest was that
of W. A. Ham, candidate for the Su
perior Court bench, who stated that
he had spent nothing in the interests
of his campaign.
Following is a list of the candi
dates who filed their expense accounts
yesterday:
Ed H. Hopkins, Assessor, \$227.60;
Charles H. Kelley, Sheriff, \$8970;
George K. Home, Sheriff, \$527.75;
Fred T. Best, Superior, First District,
\$3596; P. G. Cogswell, Superior,
First District, \$4592; Sidney T. Graves,
Superior, Third District, \$2735;
O. P. Conway, Superior, Third
District, \$2735; J. E. Barnes, Su
perior, Third District, \$2735;
Alvaro Pratt, Superior, Third Dis
trict, \$2735.
In the race for election as Superior
Judge, the following declared that
they had spent as follows:
Ruben S. Schmidt, \$739; Myron
Weston, \$2138; F. H. Valentine,
\$1375; Robert E. Abbott, \$403; A. J.
Biedock, \$473; E. M. Crawford, \$1627;
W. A. Ham, none; Albert, \$856; and
Joseph Marchetti, \$2503.
Yesterday was the last day that
the candidates had in which to file
their expense affidavits.

**COAST AIR MAIL
FLIGHT SUCCESS**
Los Angeles-Seattle Planes
Complete Trip
Ships Make Scheduled Time
Despite Difficulties
Company Officials Elated
Over Performance
Merited success met efforts of pi
lots for the Pacific Air Transport
Company yesterday upon the in
stitution of daily air mail and pas
senger service between Los Angeles and
Seattle. Employing a half a dozen
planes, the voyage from this city to the
northern destination was com
pleted in thirteen hours, forty-one
minutes. Pilot George Allen hopped
off from the local port at 3717 Mesa
Drive at 12:30 a.m. yesterday. At
1:44 p.m. Thomas Tyler, superinten
dent of the northern division, brought
the craft down at the Seattle port.
While the northern trip was yet
in the making, Pilot Vance Brees
had taken off from Seattle for the
southern flight, getting under way at
2:45 a.m. yesterday. Allen, who had re
linquished his chair on the north
trip at Fresno, took command of the
south-bound craft when it landed
there at 2:10 p.m., and fifteen mi
nutes later was in the air bound for
Los Angeles. He landed his craft at
the local port at 4:45 p.m., complet
ing the 1000-mile trip in exactly thir
teen hours.

OFFICIALS ELATED
Officials of the company were elated
that the maiden voyage should be
made in such excellent time, point
ing to the individual delays at each
port when the ship was greeted by
city officials and hundreds of enthu
siasts.
In addition to Superintendent Tyler
and Pilot Allen and Brees, Verne
Bookwalter and R. B. Patterson pil
oted integral portions of the double
voyage.
A heavy downpour of rain encoun
tered between Portland and Seattle
slowed down the time of the north
bound plane somewhat. It had ar
rived in Bakenfield at 1:45 a.m.—on
schedule time—was a matter of four
minutes late in reaching Fresno, but
punctual in arriving at San Fran
cisco at 8:30 a.m. The plane was
fifty minutes ahead of time at Med
ford, on time at Portland, and then
came the inclement weather, which
impeded its progress for the re
mainder of the trip.
LOST TIME REGAINED
On the southbound trip, the plane
was in Portland at 8:45 a.m., as
scheduled, but had lost twenty-five
minutes' time at Medford. One min
ute was clipped from this disadvan
tage when San Francisco was
reached, and fifteen more when it
arrived in Fresno. Pilot Allen there
brought the plane here in such good
time as to not only make up the lost
time, but had it fifteen minutes
ahead of time.
C. N. Comstock, vice-president of
the company, was the first pas
senger on the Ventura. G. Allen, pres
ident, also traveled as a passenger,
making a portion of the southbound
trip. Among those to greet the ar
riving southbound plane here was
J. L. Mueshett, superintendent of the
northern division.

**Session Called
for Utilizing
More Markets**
Stirred by Secretary of Commerce
Hoover's statement that California
is not utilizing more than 60 to 70
per cent of her potential markets,
400 bankers, growers, shippers and
railroad representatives met for a
organization of perishable products
industries at the quarterly meeting of
the Pacific Coast Transportation Ad
visory Board at the Alexandria to
morrow.
Analysis of the operation of the
newly adopted California grape-car
plan will be made at the meeting.
Among those who will attend are
Norman H. Sisson, manager of the
California Development Association
and general secretary of the Trans
portation Advisory Board; George
Leithner of the American Railways
Association; Donald D. Conn, public
relations manager of the American
Railway Association and joint rep
resentative in charge of the grape-car
plan, and Charles E. Virden, general
chairman of the board.

Traffic was tied up for blocks and
occupants and workers in adjacent

from whom Mrs. Morgan obtained a
divorce about a year ago, was be
queathed \$10. Specific bequests tot
aling more than \$40,000 to various
children and relatives were listed in
the will.
**RANDALL RECALL
MEETING ANNOUNCED**
Sponsors of the proposed recall
of Councilman Randall have an
arranged for a tent meeting at Van
Ness Monday evening, the eve of
the recall election. Various
speakers will voice the discon
tent of the First District with its Council
representative. Those in charge of
the meeting, it is announced, favor
the election of John W. Cooke, an
assistant city engineer, in Randall's
place. Cooke's right to a place on
the ballot was upheld last Friday at
a hearing before Judge Shaw.

MEXICANS IN CELEBRATION
Independence From Spain Commemorated in Giant
All-Day Fiesta at Lincoln Park
Five thousand sons and daughters of Old Mexico, now residents of
Los Angeles, took part last night in the opening ceremonies of a two-day
celebration at Lincoln Park in honor of the 111th anniversary of Mexico's
Independence from Spain. The festivities were marked by patriotic ad
dresses, Mexican music, dancing and fireworks.
Led by the sister republic's consul
representative, P. Alfonso Pen
queiro, the entire gathering stood
bare-headed as the clock tolled 11,
which is the hour that Mexican in
dependence was declared 116 years
ago. This was followed by a pa
triotic speech made by Rafael Tru
zillo, attorney of this city.
During the evening more than forty
Mexican societies entertained their
countrymen with native songs and
dances. Today the Mexican colony
will celebrate the advent of 116 years
ago when Hidalgo led an unorganized
army of 100,000 in the initial attempt
to make their beloved country free.
With a parade from the Plaza to Lin
coln Park, more than 30,000 are
expected to take part in the time of
march.
At the park today a program of
speaking by public officials, native
dancing and music will be given by
the colony.
Those in charge of the program are
Francisco O. Gurrola, secretary
of the committee; Consul Penqueiro,
president; Daniel Venegas of the
Union Cultural Pro-Mexico; J. A.
Unger, Camara Mexicana; Guisla
mercio Belvedere; P. A. A.

MALIBU BEACH FOR LEASE
Part of Historic Site's Beach Offered to Public;
Great Improvements Reported
Marking one of the largest and most important Southern California
developments in recent years, Mrs. May K. Rindge, president of the Mar
blehead Land Company, yesterday announced the opening of the historic
Malibu Ranch. Ten-year lease on some ten miles of wide sandy beach
between Los Flores Canyon and the western boundary of Ventura county's
as exclusive sales representatives, it was announced.
Under the terms of the contract many years, and even when purchased
by Mr. Rindge in the early nineties,
was accessible only by boat or horse
and through the ranch. Now auto
mobiles have made it an hour's ride
from Los Angeles. Heretofore all use
of the Malibu by the public has been
prohibited, because of the refuse left
by picnic parties, and the hazards of
fire and cut wire fences where thou
sands of cattle were grazing.
The residential beach project, its
promoters say, is a logical climax
to the steady development of the
Malibu since the Rindges took pos
session. Thousands of acres have
been cleared of brush and rock and
the land placed under cultivation. A
project of its kind ever attempted on
the Pacific Coast, the marketing of
the huge tract presents other inter

MOTHERS AND THEIR CHILDREN

A Safe Rattle

One Mother Says:

The cheap rattles that are often given to babies are usually vividly colored with cheap paint and filled with things that are little better than sweepings. Since a baby is almost sure to put a rattle in his mouth, I never buy a rattle unless I can find a good one. I made, instead, a good, safe rattle by filling a tin can with buttons so large that they cannot be swallowed. The lid of the can fits very tightly and the edges are turned so that they are not sharp. Baby can amuse himself with such a rattle in perfect safety.

CHOCOLATE CAKE

Two squares of chocolate, one-quarter cup shortening, one-half cup sugar, one-half cupful syrup, one egg, one cupful mashed potatoes, one cupful flour, four level teaspoonful baking powder, one-half teaspoonful salt, one-half teaspoonful cinnamon.

How to shorten, sugar and syrup

are added, the chocolate, that has been melted over hot water; add the well-beaten egg and one cupful of mashed potatoes, rub through a strainer, then sift flour and baking powder in, mix well and bake in tin pan forty-five to fifty minutes or in two layer pans twenty minutes. If in layer pans, put together with apple jelly or jelly of choice, or make a cream filling and put between layers.

TALK ON BOOKS TO BE GIVEN TONIGHT

The third Thursday book talks given by Miss Gertrude Durbin in the Jefferson branch of the Public Library, at 2311 West Jefferson street, have proved popular. Miss Durbin talks informally about the best of the new books each month. The talks afford busy men and women an unusual opportunity to choose from among the proffered titles of the publishers. The fifth of the series, which is being given on the third Thursday night of each month, will be this evening, at 8 o'clock.

Women Dispose Of this new hygienic pad as easily as tissue—no laundry

Countless women have discarded old-time "sanitary" pads for a new and better way. A way that offers far greater protection. A way, too, that banishes the old-time problem of disposal. Eight in 10 better-class women now use "KOTEX."

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads. Deodorizes, thus ending ALL danger of offending. Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitation. Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.

The I-ON-A-CO Treatment: In each case, then, the patient is deprived of the normal catalytic action and heat-accelerating properties of thyroxine. Now what happens when that patient is placed within the magnetic field of I-ON-A-CO? To answer this let us go back to the discovery of Professor Otto Warburg, who demonstrated that the iron in the blood is the medium by which the oxygen we breathe is transferred to the tissue cells.

Magnetic Therapy: Now, every school child knows that iron can be magnetized. Hence, through magnetization, the I-ON-A-CO improves the oxygen-transfer ability of the iron. With this increased supply of oxygen more material and tissues are oxidized and heat formed. Thus we see that the I-ON-A-CO has practically the same effect as thyroxine—namely, in its catalytic and heat-producing action.

Long Beach Paves for Tomorrow's Traffic This Way

Six years ago local authorities of Long Beach realized that they must plan their paving programs to take care of the ever swelling flood of motor traffic.

To meet the situation they began building concrete streets definitely designed to take care of traffic developments in each section of the city.

Paving on the secondary through streets is heavier than in the residential sections. On the main boulevards it is super-heavy; heavy enough to withstand the peak traffic of today and of tomorrow.

No wonder the cities of the Golden State are building more and more concrete streets every year; streets directly linked with California's thousands of miles of concrete roads.

And Long Beach, in company with these forward-looking communities, is setting a standard of paving service and economy which it will pay any town or city to investigate without delay.

Property owners, as well as local authorities, are invited to write this office for detailed facts about the experience of Long Beach with concrete street pavement. No obligation. Also ask for your copy of our free booklet on "Concrete Streets."

PRISONER IN DASH FROM COURTROOM

Convicted Bootlegger's Escape Attempt Foiled by Police Officer

Sentenced to serve sixty days in jail, Walter Lauderdale, a twice-convicted bootlegger, yesterday made an open attempt to escape from the prisoner's dock in Municipal Judge Turner's court but was captured by Police Officer Rudolph in the judge's chambers a few seconds after he had made his attempted break for liberty.

Lauderdale, a negro tailor, was arrested recently at 818 East Twelfth street on a Wright Act charge by Officer Rudolph, according to Police Officer Caldwell, the complaining witness in the action. Yesterday on being arraigned before Judge Turner he entered a plea of guilty to the charge and admitted a prior conviction on similar charges for which he served twenty-five days in jail.

According to Judge Turner sentenced him to serve sixty days in jail.

Lauderdale resumed his seat in the prisoner's dock which was located near the courtroom entrance to Judge Turner's chambers. Observing that the door was unlocked he virtually dove through it and into the private chambers of the jurist. Apparently becoming confused, he was unable to find the exit door from the chambers and was seized a few seconds later by Officer Rudolph, who had followed him through the door.

Confusion, meantime, reigned in the courtroom. Judge Turner was rising from his bench in pursuit of the escaping man. None of the dozen other prisoners in the dock made any attempt to escape, however.

Lauderdale is a known figure around local courts, having been arrested numerous times on vagrancy charges, according to police.

OCCIDENTAL EXTENSION WORK READY

Two-Unit Credits Offered by College Courses in Los Angeles Schools

Members of Occidental College faculty are offering several extension courses in Los Angeles schools. The courses carry regular two-unit credits toward degrees at Occidental, and toward State teachers' credentials.

Following is a list of the courses to be offered, with the time and place of meeting, and the name of the instructor giving the course:

Prof. M. J. Stewart, who is connected with the School of Education at Occidental, will give a course in "The History of the United States" at the Los Angeles High School, 1212 Broadway street at Grand avenue, on Thursday from 8 to 9 p.m.; and at the Los Angeles Junior College, 1212 Broadway street, on Friday from 8 to 9 p.m.

Prof. C. F. MacFarlane will give a course in "European Renaissance Literature at the Los Angeles High School, 1212 Broadway street, on Thursday from 8 to 9 p.m., and at the Los Angeles Junior College, 1212 Broadway street, on Friday from 8 to 9 p.m.

Prof. E. J. Smith will give a course in "International Relations at the Los Angeles High School, 1212 Broadway street, on Thursday from 8 to 9 p.m., and at the Los Angeles Junior College, 1212 Broadway street, on Friday from 8 to 9 p.m.

Wife's Letter Admitting Love for Rival Read

A frank confession, by letter, that Mrs. Helen D. Haas had fallen in love with a man referred to as "Red" was the basis of the suit for divorce brought by Frank J. Haas and heard yesterday by Judge Hollister, who granted the husband a decree.

"I am going to hurt you horribly and I hate myself for it, but there is another man," read the letter, which Haas said was the first intimation he had received that his wife was involved in an affair with another man. "I did not know until last night, Frank, it seemed as if a mist blew away and I knew I was in love with him."

MISSING DEFENDANT DENIED NEW TRIAL

After three years in which he neither appeared to report to the United States District Court or his attorney, John V. Morris, Frank Sergio, a Slav, if found by searching deputy United States marshals, must go to a Federal prison for two years and pay a fine of \$1000 for sending threatening letters to F. W. Travis, an Los Angeles business man. Sergio's appeal to the Circuit Court of Appeals for new trial following conviction in 1922 has been denied.

JUDGE EAGER TO MEET SAGE

Wife's Story of Husband's Superior Attainments Rouses Hollister's Curiosity and He Issues Invitation for Man to Appear in Suit At Issue

Judge Hollister always is eager to make the acquaintance of superior men, he declared yesterday. Wherefore he issued an invitation for the appearance before him of Fred G. Smith.

The superiority of Smith was, in the opinion of the court, definitely indicated by the testimony offered in the suit of Mrs. Doris L. Smith.

"He was too smart for me," was the gist of Mrs. Smith's plaint.

"The other three witnesses," she said, "showed that he believed he would never be able to attain his social level," testified Mrs. Smith's father.

"Yes—and he spanked me—twice—put in Mrs. Smith herself. "Once it was just because I wouldn't do something that he ordered. I didn't like the tone of his voice."

When Judge Hollister was informed Mrs. Smith was only 18 years of age when this happened and that Smith was 19, he remarked:

"Two persons so young as these should not give up so easily. If this Mr. Smith is the superior individual the testimony seems to indicate, I would like to meet him. Anyway, let him be brought before the court, if he can be found, and let us hear more about this matter. The case will be continued for appearance of defendant."

BALM FOR BLIND MAN'S LOVE

Wife Wins Suit on Theory That Other Woman Must Have Made Advances Under Circumstances; Value of Lost Affection Set at \$3000

Upon the theory that by the nature of things, the original advances must have been made by the woman in the case if the affections of a blind man are stolen, Mrs. Deedie Boyd prosecuted and won her suit against Mrs. Mary Walters for alienation of the affections of her husband, B. F. Boyd, blind ball bond broker.

Judge Walton Wood, who heard the case, insisted particularly upon this point. The facts of the situation, he charged, had been settled by findings of the court in Mrs. Boyd's previous suit for separate maintenance, where it was found that her charges, naming Mrs. Walters as correspondent, were true.

Judge Wood conceded that Mrs. Boyd's opinion on this matter carried weight, for she is blind, too. He gave her judgment in the sum of \$3000.

"She stole his love from me after we had been married twenty-nine years," Mrs. Boyd related. "I know she must have made the first advances, because how could he, being blind."

"Is she a handsome woman?" Judge Wood asked.

"That is a matter of nothing but hearsay, either to me or to my husband," Mrs. Boyd responded. "I have been told that she is a strikingly handsome red-head woman."

In her suit Mrs. Boyd had demanded damages of \$50,000, but Judge Wood held that, although her cause was just, she had overvalued Mrs. Boyd's affections, which he estimated as reasonably worth \$3000.

JOURNALISM PUT ON HIGH STANDARD

Swedish Vice-Consul Says Newspapers Attain 'Lofty Civic and National Ideals'

Comparing journalism of today with the profession in former generations, W. A. Monten, Vice-Consul of Sweden to Los Angeles, told members of the Masonic Club yesterday that modern newspapers, in spite of their sensationalism, are better in every respect than formerly, operating on the basis of high civic and national ideals.

"How and then there is an outstanding newspaper, like the Los Angeles Times," said the speaker. "Harry Chandler started something worth while when he inaugurated the idea of awarding prizes for best essays and addresses on the Constitution. The work he started is now not only national, but international in scope, and I believe it is destined to influence the world for good for the next century. Civilization's safety lies largely in the study, by the people, of the fundamental principles of constitutional government."

Mr. Monten briefly reviewed the part which Sweden and the Swedish people have played in American history and mentioned the fact that Sweden was the first country to officially recognize the United States as a nation.

The Masonic Club's fall season was opened last night with a smoker, with Nat Farnum in charge of the program. The speaker of the club at noon tomorrow will be Albert E. Boynton, Grand Master of Masons in California. A reception and dance in honor of Mr. Boynton will be given at the Shrine Auditorium this coming Saturday evening.

Record Crowd in Attendance at Opening of Ventura County Fair

ONE of the oldest annual exhibits in the State of California, the Ventura County Fair, opened its gates yesterday with the best that Ventura county can produce in products of farm, field and orchard, of factory, shop and mill, crowding every inch of space in the attractive park. The largest opening day crowd in history poured into the grounds. Races, a rodeo, a pretentious midway boasting every manner of concessions, provide daytime entertainment for every taste. A horse show classic in which the best of fancy stock of Southwest paraded, was the feature of the evening amusement bill. Pictorial highlights of the fair are presented below. Repulse Of Foote's Gunboats.

by J. CARROLL MANSFIELD

LATE IN THE EVENING OF FEB. 13, 1862, THE UNION FORCES BESIEGING FORT DONELSON ON THE CUMBERLAND RIVER WERE INCREASED BY THE ARRIVAL OF COMMANDER FOOTE WITH GUNBOATS AND TRANSPORTS CARRYING 10,000 SOLDIERS UNDER GEN. LEW WALLACE. THE FOLLOWING AFTERNOON THE GUNBOAT FLOTILLA STEAMED UP THE RIVER TO BOMBARD THE CONFEDERATE BATTERIES.

TWO KINDS OF MAPS IN ONE

The motorist planning a spin through the maze of towns, cities, river-courses, hills and mountains which comprise the densely-populated forty-mile area, with Los Angeles in its center, needs something more than a flat-surface road map. Road signs by the thousand are ready to guide him. What he wants to know is what sort of country he will travel over; how he can point out to his guests in the way of resources, industries, crops, oil fields, historic spots, engineering feats, and other objects of interest. This kind of map, a thinking, planning, fact-telling, question-answering map—this is the achievement of Charles H. Owens, foremost picture-map artist in the United States.

The limited edition of this map of Los Angeles' metropolitan area, in permanent form is rapidly being exhausted. On noncracking paper, black ink, folded in convenient size, mailed by The Times postpaid anywhere on receipt of 25 cents per copy; or sold over the counter at The Times' main office, or branch office, 631 South Spring.

ability of the British to enjoy themselves, their humor, and their tendency to bright colors in clothing and even in their houses. Time was that everybody wore sober colors in England and English homes were depressing by their sadness of hue. Now they're building California bungalows with brilliant red roofs and their wearing apparel shows vivid coloring in large measure.

THE BRITISH ABUNDANT
The Britons have always been regarded as devoid of humor, but on this visit I found them giving vent to stories and jokes of a humorous character among all classes.

Among other impressions mentioned by the speaker was one referring to the inclination of the British to travel. "It looked to me as if everybody was traveling all over the country," he said. "I was told that in London the buses had carried 35,000,000 passengers during the month of June."

"Another thing I noticed was that class feeling seems to have vanished in years gone by. It used to irritate Americans to be met on all sides in England by evidences of class distinction. This is no longer true.

"And the clinging-vine type of English girl is gone. Young women arrayed in sober garments and so de-

sure that they never looked up have given way to a type wearing bobbed hair, gay clothes and with an inclination to athletics."

Miss Kenyon and Milton Sills Will be Married Soon

Doris Kenyon and Milton Sills, film players, will be married October 2 at Miss Kenyon's Adirondack camp, near Ausable Forks, N. Y., according to announcement yesterday.

The last scene of a motion picture featuring Miss Kenyon will be made Saturday, and one starring Sills will be finished Monday, and the pair will leave here Wednesday for the scene of the ceremony. Only members of their families and close friends will attend the wedding, it was announced.

Sills has bought the old Danziger estate, a sixty-acre tract in Brentwood Hills, and is erecting a pretentious home on it to which to house his bride. It will be completed in about three months, according to present plans.

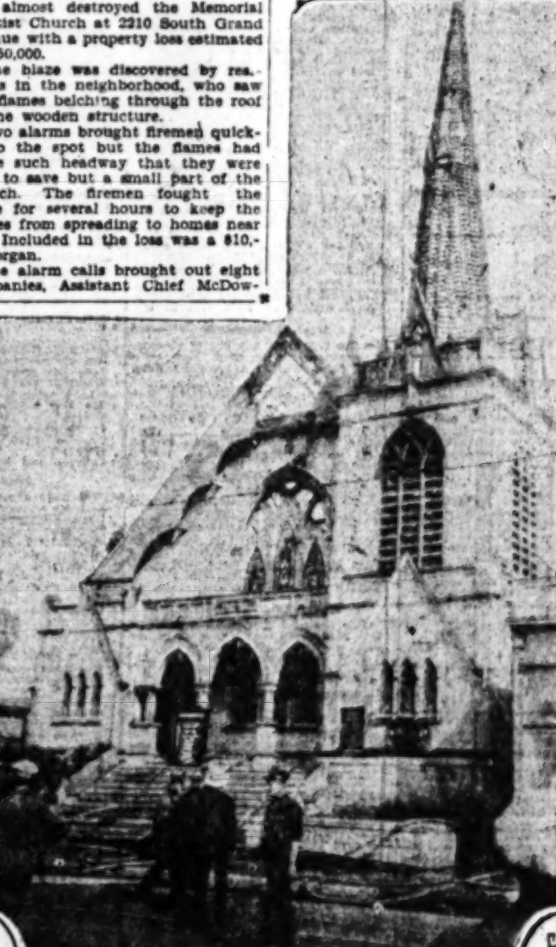

FIRE RAZES BAPTIST CHURCH

Loss to Grand-avenue Building \$50,000

FIRE believed to have originated from defective wiring yesterday almost destroyed the Memorial Baptist Church at 2210 South Grand avenue with a property loss estimated at \$50,000.

The blaze was discovered by residents in the spot but the flames had made such headway that they were able to save but a small part of the church. The firemen fought the blaze for several hours to keep the flames from spreading to homes near by. Included in the loss was a \$10,000 organ.

The alarm calls brought out eight companies, Assistant Chief McDow-

ATTORNEY ARRAIGNED IN ATTACK

Hearing Also Due in Suit for Divorce of Property Test Case Litigant

Attorney Ernest A. Stewart was arraigned yesterday before United States Commissioner Head on charges of attacking Deputy Internal Revenue Collector Preston. Meanwhile, in Superior Court, Acting Presiding Judge Wood signed an order for a hearing on the 28th inst. before Judge Hollister of his wife's application for an alimony order pending trial of Stewart's suit for divorce.

Stewart and his wife, Mrs. Fanny Lee Stewart, were litigants in a friendly suit filed last February to determine whether, under the community-property law a wife's interest in community property in California is a "present, vested interest" or a "mere expectancy." The State Supreme Court, reversing the Superior Court, held for the latter view.

A few weeks ago Stewart filed a divorce action on mental-cruelty grounds, saying he and Mrs. Stewart had separated last April. Stewart declared his wife had once remarked their minor son was like his father and never would be a gentleman.

In an affidavit submitted to Judge Wood yesterday Mrs. Stewart declared her husband earns \$500 a month as an income-tax expert and that she is dependent for living expenses upon such alimony as the court may award her.

With reference to the suit filed in the Federal Building Monday, while Stewart was endeavoring to learn if Preston had called him a "crook" to certain of his clients, Stewart said yesterday when arraigned:

"I have been persecuted by employees of the United States Treasury Department for more than two years and the only way I see to treat it is as a personal matter with my immediate persecutors." He said he would sue Secretary Mellon if there was any statute available.

Ida May Adams is representing Stewart in the assault case. Efforts were being made last night to raise a \$5000 property bond.

Here's a Money-Making Opportunity

Five, Ten or Twelve Acres PROFITABLE PRODUCING

AVOCADO GROVES

These profitable groves are located within forty-five minutes drive of Los Angeles in one of the most favored and desired suburban districts.

The trees range in age from 4 to 8 years and are now heavily laden with fruit.

No charge for fruit now on the trees if purchased on or before October 15!

After that date the fruit will be reserved. The price quoted on each grove is based upon the actual VALUE of the land and the VALUE of the trees as INCOME PRODUCERS.

Because of extensive improvements in the East side, any one of these groves should enhance anywhere from 100% to 300% in value in the next few years as a result of the demand for suburban homesites in this particularly attractive district.

The income from this year's crop will go a long way towards making the first payment on the land—and it might exceed that amount!

Terms are 20% Cash and the balance in 6 equal annual payments.

In this same district Avocado groves are priced at from \$5,000 to \$10,000 an acre. Considerably more than we are asking for any one of the above mentioned groves.

HERE'S AN OPPORTUNITY to enter the AVOCADO industry and make MONEY right from the beginning. This year's crop included in purchase price only until October 15; after that date all fruit reserved.

For detailed information as to location, price, terms, etc., fill in coupon below, telephone or call at the office.

TWO WOMEN MAY DIE OF CAR INJURIES

One Victim Struck Down Standing in Safety Zone; Other's Skull Fractured

Two women suffered probable fatal injuries in automobile accidents yesterday.

Mrs. Hazel Graham, 33 years of age, of 1344 West Ninetieth street, suffered a skull fracture when she was struck by a machine driven by Mrs. Marie Ackerman, 131 East Avenue 41, while standing in a safety zone at Avenue 31 and Pasadena avenue, according to the police report. She was taken to the General Hospital.

According to the report, the safety zone is partially obstructed by irregularities in the grade, and it was said Mrs. Ackerman's car struck Mrs. Graham after a machine driven by J. Rendler, 6060 La Tarda Park street, had turned out to avoid doing this. Mrs. Ackerman was questioned and told to report today for further interrogation.

Mrs. Daisy Weaver, 66 years of age, of 1031 Townsend street, Belvedere, was struck by an automobile driven by Lynn Brown, 431 El Camino Real, at Whittier Boulevard and Dittman street, according to the Sheriff's office. According to Police Surgeon Carey at the Receiving Hospital, she suffered a skull fracture and internal injuries.

Deputy Sheriff Ebers and Christy reported the accident unavoidable.

DEWEES BANKRUPT

Former Manager of Fruit Company Gives Liabilities as \$22,965

SAN FRANCISCO, Sept. 15. (P)—A voluntary petition in bankruptcy was filed in Federal Court here today by C. B. Dewees, former manager of the Stewart Fruit Company, which is now in the hands of a receiver.

Dewees listed his individual liabilities at \$22,965, and his assets at \$15,300. He said that he did not know the extent of his liabilities as a stockholder in the fruit company.

YOUNG WIFE SHOOT

SELF AFTER QUARREL

Pay Riddle, 17 years of age, and her husband, C. W. Riddle, quarreled yesterday at their home, 1206 West Ninety-first street, and Riddle left the house, according to the police report of Mrs. Riddle's assertion at a suicide last night. Mrs. Riddle, it was reported, shot herself in the chest. At the Receiving Hospital Police Surgeon Carey said she probably will recover. Police were seeking the husband to notify him of his wife's act.

First to adopt DUCO

THE General Motors Research Laboratories cooperated with E. I. du Pont de Nemours & Company, Inc., in the development of Duco—an achievement ranking in importance with the invention of the self-starter.

Duco is not only far more lasting than paint and varnish; it is finer, more beautiful and more economical to apply in factory production.

Duco was first adopted by Oakland, and immediately thereafter by the rest of the General Motors cars.

Buyers of General Motors cars have profited by the development of this finer, more enduring finish. Their cars wear well longer.

FIRE PERILS DESCRIBED AT MEETING

Chief Dunlap Gives Talk to Safety Engineers' Body on Dangerous Practices

"Don't put pennies back of your electric fuse; it's dangerous," declared Chief Dunlap of the county fire department, in addressing the Southern California Society of Safety Engineers at their regular meeting in the Union Oil Building last night.

While scheduled to talk about the present forest-fire situation, Chief Dunlap gave some excellent illustrations of inferior electric wiring in houses, the perils of gasoline when used by the housewife for dry cleaning and the danger of putting a piece of metal back of a burned-out fuse to renew the connection. He showed how these metals, particularly pennies, increased the current and burned the insulated covering of the electric wires and started fires.

"Eighty-seven per cent of the fires are due to carelessness," was the warning uttered by James E. Evans, electrical engineer of the Board of Fire Underwriters of the Pacific, who was the only other speaker on the program. He further charged up to electricity the burden of our fire losses, and illustrated several ways in which defective wiring can start a blaze.

The meeting was attended by the majority of the society and was preceded by a dinner in the Union Oil Company's cafeteria.

WINTER RATES LOW

Railroads Announce Reductions for Trips to California

Low winter-excursion rates, effective October 1, next, were announced yesterday by the Santa Fe, Southern Pacific and Union Pacific.

Fares from all California points, to San Diego, Los Angeles, Monterey Beach resorts, San Francisco, Oakland, Berkeley, Yosemite Park, Lake Tahoe and Huntington Lake resorts will be reduced under this schedule for the round trip to one and one-third of the one-way charge. A sixteen-day return limit will be imposed on all these excursion tickets. Three months limit to these points will be sold on the basis of 80 per cent of the round trip as regularly charged.

In addition, low-rate round-trip fares also will be put into effect between certain points on the Santa Fe and Union Pacific, and between all points on the Southern Pacific.

JURY DISCHARGED IN TRIAL FOR BURGLARY

Unable to agree, the jury deliberating the fate of Rex Mercer, charged with robbery, burglary and grand larceny, was discharged by Judge Burnell of the Superior Court yesterday. The jury stood seven to five. Emmett Bright, codefendant with Mercer in the case, pleaded guilty to the charges Tuesday and will be sentenced today. In his confession he implicated Mercer. Stanley Visel, attorney for Mercer, declared that Bright's act was an attempt to revenge himself on Mercer, with whom he had fought while both were at San Quentin about three years ago.

Local Branch of University Gets Sorority

The seventh new fraternal organization to come on the campus at the University of California, Southern Branch, since the closing of school last June is Theta Phi Alpha, national sorority, which announces the granting of a charter to Rho Mu Phi, a local organization.

A tentative date for installation ceremonies has been set for the latter part of October when Miss Irene Belvin, grand organizer of Theta Phi Alpha, will preside.

Twenty members of the local group will be inducted into what is to be known as Pi Chapter.

YOUTHS FREED IN AUTOMOBILE THEFT

Lloyd M. Antoine, 19 years of age, and his brother, Junior Antoine, 18, arrested recently on grand larceny charges involving the theft of an automobile, were cleared of the charges after a further investigation by police yesterday, and promptly released. The two youths, it developed, knew absolutely nothing of the crime charged to them.

NUEVA YORK, Sept. 15.—Una declaración publicada en el momento de la sesión del congreso, manifiesta al presidente Calles que no se hará ningún caso de los artículos de la constitución que se refieren a la iglesia católica, ni en la política de su gobierno, ni en la política de su gobierno, ni en la política de su gobierno.

When he reached the subject of the modern double, he gave some cogent reasons for the opinion that it was a greatly overestimated. He then proceeded to discuss the much-abused "double" and one which had copied the door for a number of questionable practices by introducing bids that do not mean what they say.
